When Colorblindness Isn't the Answer Anthony B. Pinn,2017-05-15 The future of the United States rests in many ways on how the ongoing challenge of racial injustice in the country is addressed Yet humanists remain divided over what if any agenda should guide humanist thought and action toward questions of race In this volume Anthony B Pinn makes a clear case for why humanism should embrace racial justice as part of its commitment to the well being of life in general and human flourishing in particular As a first step humanists should stop asking why so many racial minorities remain committed to religious traditions that have destroyed lives perverted justice and justified racial discrimination Rather Pinn argues humanists must first confront a more pertinent and pressing question why has humanism failed to provide a more compelling alternative to theism for so many minority groups For only with a bit of humility and perspective and a recognition of the various ways in which we each contribute to racial injustice can we truly fight for justice **Questions and Answers** ,1936

Income Investing Explained: Your Questions Answered Henry Mah, 1900 After writing two books about Income Investing I have been contacted regularly by readers with questions and requests for more information It's not often one feels compelled to write a book because of questions from readers but that's exactly how this book came about It's not that readers didn't understand the process I described it's just that people wanted more details had specific suggestions and needed more information about making investing decisions especially during different and difficult market conditions In essence people wanted an advanced outline to build upon the process described in my earlier books So the purpose of this book is not to repeat the process of stock evaluation which is the foundation of my earlier books but to provide further explanations and examples to help when making investing decisions Where to find ideal stocks for Income investing How to determine under valued stocks How many stocks should you hold and in which sectors When to sell even your long time good stocks What happens and how your decisions might change during a market crisis Is it ever too late to start investing for income I'll also introduce a new Excel worksheet to help readers determine under valued or expensive stocks directing you to a new website for obtaining dividend data and even provide a list of 45 Canadian and 35 US stocks from which to begin your selection of quality income growth stocks As always these are my opinions and not professional financial advice So if you have the time and want to learn more let's continue talking about Income Investing
