frames supervisors as teachers and protectors instead of taskmasters has widespread implications for training a new generation of leaders and creating more efficient organizations Bureaucracies are notorious for inefficiency but mid level supervisors who are often regarded as powerless retain tremendous power to build a more productive workforce Teaching Tasks and Trust provides a fascinating glimpse into a bureaucratic world operating below the radar of the public eye a world we rarely see while waiting in line or filling out paperwork A Volume in the Russell Sage Foundation Series on Trust *The Teacher's Craft* Paul Chance,2008 **Cracking the AP.** ,2008 *Tutorials in Operations Research* Institute for Operations Research and the Management Sciences.
