Business Relationships that Last Ed Wallace, 2009 Everyone knows that relationships are critical to business success but no one has provided a simple system to turn contacts and acquaintances into valuable assets until now The first systematic program for advancing business relationships In five easy to follow steps the book shows how to transform any casual business relationship into a valuable source for revenue leads and advice Ed Wallace combines memorable anecdotes with a clear theoretical framework that shows individuals how to leverage their hard business skills with the often overlooked soft skills of relationship building Surveyed executives say they need this book In a recent survey 88 percent of executives indicated that the strength of their client customer and referral relationships was critical to achieving their goals each year But only 25 percent of those same executives said they had a formal process for planning managing and growing business relationships and 73 percent of the group surveyed said they would be very interested in reading a book on this topic This book delivers the process that so many people and organisations need

Innovating Analytics Larry Freed, 2013-09-23 How does a CEO manager or entrepreneur begin to sort out what defines and drives a good customer experience and how it can be measured and made actionable If you know how well the customer experience is satisfying your customers and you know how to increase their satisfaction you can then increase sales return visits recommendations loyalty and brand engagement across all channels More reliable and more useful data leads to better decisions and better results Innovating Analytics is also about the need for a comprehensive measurement ecosystem to accurately assess and improve the other elements of customer experience This is a time of great change and great opportunity The companies that use the right tools and make the right assessments of how to satisfy their customers will have the competitive advantage Innovating Analytics introduces an index that measures a customer's likelihood to recommend and the likelihood to detract The current concept of the Net Promoter Score NPS that has been adopted by many companies during the last decade is no longer accurate precise or actionable This new metric called the Word of Mouth Index WoMI has been tested on hundreds of companies and with over 1.5 million consumers over the last two years Author Larry Freed details the improvement that WoMI provides within what he calls the Measurement Ecosystem He then goes on to look at three other drivers of customer satisfaction along with word of mouth customer acquisition customer loyalty and customer conversion

Media Education for a Digital Generation Julie Frechette, Rob Williams, 2015-10-14 Media education for digital citizenship is predicated upon the ability to access analyze evaluate and produce media content and communication in a variety of forms While many media literacy approaches overemphasize the end goal of accessing digital media content through the acquisition of various technology software apps and analytics this book argues that the goals for comprehensive and critical digital literacy require grasping the means through which communication is created deployed used and shared regardless of which tools or platforms are used for meaning making and social interaction Drawing upon the intersecting matrices of digital literacy and media literacy the

volume provides a framework for developing critical digital literacies by exploring the necessary skills and competencies for engaging students as citizens of the digital world
