Pro Football Schedules Ivan Urena, 2013-12-25 This book explains how the NFL determines each team's opponents and how the league's scheduling format has evolved throughout the years. It includes a history on the evolution of the pro football schedule, explores all of the scheduling formulas used in the National Football League, American Football League, and the All America Football Conference, and presents home and away opponent charts from 1933 through the 2017 season. **The Fix Is In** Brian Tuohy, 2010-04-01 Professional sports in America: it's all about fair play and the goal of winning championships. At least that's the spin. But could it be a massive showbiz operation filled with greedy owners, crooked referees, and coddled players, all with the unstated goal of grabbing as much money as possible? Author Brian Tuohy provides a full-sourced saga of the corruption that has infected the storied histories of the NBA, MLB, NFL, NHL, and NASCAR. With reality obscured by a complacent and often complicit sports media, *The Fix Is In* shines a light on a hidden history of clandestine arrangements between television networks and sports leagues, all against a background of drinking, drugging, and crime. Finally, here's a book that unflinchingly examines the sordid underbelly of the American sports industry. Brian Tuohy maintains the website thefixisin.net and is a frequent contributor to the CBS Sports website bleacherreport.com, where he chronicles sports scandals and conspiracies as the stories break. Brian has been interviewed by The New York Times, ESPN, Fox Sports, and The Power Hour radio program. The Savvy Guide to Fantasy Sports Michael Harmon, Mike Harmon, 2005 Taking a fresh approach to fantasy sports, this guide covers strategies and techniques both unique to specific sports and trends applicable to all sports, while providing tips to help the casual player get the most out of every game. **The NFL in the 1970s** Joe Zagorski, 2016-07-19 The 1970 merger between the American Football League and the National Football League laid the foundation for a stronger brand of gridiron competition, providing a new level of excitement for fans. This book examines each year of the NFL's pivotal decade in detail, covering the great names, great rivalries, and great games, as well as the key changes in both strategy and rules. Along the way, the author explains how pro football developed into a near-religious American tradition. **Touchdown Triumph: The Ultimate Fan's Guide to Mastering American Football** Alex Jones, 2024-07-04 Ever felt lost in the sea of touchdowns, field goals, and quarterback sacks?
