

the amount due Acme Company. The asset Supplies increases \$1,600, and the liability Accounts Payable increases by the same amount. The effect on the equation is:

|     |          | Assets   |   |                 |   | =         | Liabilities | +                | Owner's Equity |                  |

|     |          |          |   | <b>+\$1,600</b> |   |           |             | <b>+\$1,600</b>  |                |                  |
|     | New Bal. | \$8,000  | + | \$1,600         | + | \$7,000   | =           | \$1,600          | +              | \$15,000         |
|     |          | \$16,600 |   |                 |   |           |             | \$16,600         |                |                  |

Total assets are now \$16,600. This total is matched by a \$1,600 creditor's claim and a \$15,000 ownership claim.

**Transaction (4). Services Provided for Cash.** Softbyte receives \$1,200 cash from customers for programming services it has provided. This transaction represents Softbyte's principal revenue-producing activity. Recall that **revenue increases owner's equity**. In this transaction, Cash increases \$1,200, and revenues (specifically, Service Revenue) increase \$1,200. The new balances in the equation are:

|     |          | Assets                 |   |          | = | Liabilities | + | Owner's Equity   |   |                  |   |                        |
|-----|----------|------------------------|---|----------|---|-------------|---|------------------|---|------------------|---|------------------------|
|     |          | Cash                   | + | Supplies | + | Equipment   | = | Accounts Payable | + | R. Neal, Capital | + | Revenues               |
| (4) | Old Bal. | \$8,000                |   | \$1,600  |   | \$7,000     | = | \$1,600          |   | \$15,000         |   |                        |
|     |          | <b><u>+\$1,200</u></b> |   |          |   |             |   |                  |   |                  |   | <b><u>+\$1,200</u></b> |
|     | New Bal. | \$9,200                | + | \$1,600  | + | \$7,000     | = | \$1,600          | + | \$15,000         | + | \$1,200                |
|     |          | \$17,800               |   |          |   |             |   | \$17,800         |   |                  |   |                        |

The two sides of the equation balance at \$17,800. Service Revenue is included in determining Softbyte's net income.

Note that we do not have room to give details for each individual revenue and expense account in this illustration. Thus, revenues (and expenses when we get to them) are summarized under one column heading for Revenues and one for Expenses. However, it is important to keep track of the category (account) titles affected (e.g., Service Revenue) as they will be needed when we prepare financial statements later in the chapter.

**Transaction (5). Purchase of Advertising on Credit.** Softbyte receives a bill for \$250 from the *Daily News* for advertising but postpones payment until a later date. This transaction results in an increase in liabilities and a decrease in owner's equity. The specific categories involved are Accounts Payable and expenses (specifically, Advertising Expense). The effect on the equation is:

|     |          | Assets   |   |          |   | =         | Liabilities | +                | Owner's Equity |                  |   |          |   |                  |
|-----|----------|----------|---|----------|---|-----------|-------------|------------------|----------------|------------------|---|----------|---|------------------|
|     |          | Cash     | + | Supplies | + | Equipment | =           | Accounts Payable | +              | R. Neal, Capital | + | Revenues | - | Expenses         |
| (5) | Old Bal. | \$9,200  |   | \$1,600  |   | \$7,000   | =           | \$1,600          |                | \$15,000         |   | \$1,200  |   |                  |
|     |          |          |   |          |   |           |             | <del>1,600</del> |                |                  |   |          |   | <del>1,200</del> |
|     |          |          |   |          |   |           |             | <del>1,600</del> |                |                  |   |          |   | <del>1,200</del> |
|     | New Bal. | \$9,200  | + | \$1,600  | + | \$7,000   | =           | \$1,850          | +              | \$15,000         | + | \$1,200  | - | \$250            |
