The European Media in the Platform Era Stylianos Papathanassopoulos,Andrea Miconi,2025-09-01 This book examines the significant changes reshaping the European media landscape in the context of rapid technological advancements political shifts and economic pressures It sheds light on the economic political and structural forces behind these transformations focusing particularly on the impact of platformisation media convergence and the emergence of new players on media production distribution and consumption At the same time the book analyses how platform dominance is reshaping European media ownership by fostering mergers and collaborations while also raising concerns about media concentration Against this backdrop it also considers the evolving role of public broadcasters as governments and policymakers grapple with the challenge of regulating new media realities while maintaining diversity and pluralism It also discusses the implications of the trends for European identity and the European public sphere particularly the tension between a top down institutional and regulatory approach to Europeanisation Providing a detailed overview of the trends and shifts shaping the future of European media the book offers key insights into the dynamics and challenges of the contemporary media environment It will appeal to students researchers and media professionals interested in media studies European studies international communication and public policy Its insightful analysis and empirical grounding enable readers to gain a better understanding of the ongoing transformations in the European media sector and the future direction

of the media in the digital platform era Transnational Streaming Television Joseph Straubhaar, Swapnil Rai, Melissa Santillana, Silvia Dalben, 2025-09-29 Examining the impact of streaming on the global production and flow of television and film this book provides an innovative theoretical framework to conceptualize how asymmetric dynamics of power play out in the era of global streaming This book analyses Netflix and Amazon Prime Video two tech based digital native streamers and compares them to Disney and HBO Max Warner Bros Discovery two legacy Hollywood studios with cable TV and broadcasting operations now pursuing global streaming The book compares their different models of operation and specifically explores how these four streamers particularly Netflix are co producing and commissioning television programs and films in an increasing number of countries It also examines how this trend is creating new opportunities for independent producers and soft power for the producing nations This book further considers the direct algorithmic targeting of individuals by their genre preferences across boundaries of culture language and nation boundaries that previously protected national and regional television markets creating a new flow of data colonialism At a more local level the book also examines some of the national and regional streaming platforms emerging in some of the key players in the Global South Brazil India and Mexico This is essential reading for students researchers and academics interested in media studies global media and global television studies Globalization in World History Peter N. Stearns, 2023-11-03 In this fully revised fourth edition this book treats globalization from several vantage points showing how these help grasp the nature of globalization both in the past and today The revisions include greater attention to the complications of racism after 1500 and nationalism after 1850 further analysis of reactions against globalization after World War I and in the 21st century more discussion of student exchanges and fuller treatment of developments since 2008 including the role of the Covid 19 pandemic in contemporary globalization Four major chronological phases are explored in the centuries after 1000 CE after 1500 after 1850 and since the mid 20th century Discussion of each phase includes relevant debates over the nature and extent of the innovations involved particularly in terms of transportation communications technologies and trade patterns The phase approach also facilitates analysis of the range of interactions enmeshed in globalization beyond trade and migration including disease exchange impacts on culture and consumer tastes and for the modern periods policy coordination and international organizations Finally the book deals with different regional positions and reactions in each of the major phases This includes not only imbalances of power and economic benefit but also regional styles in dealing with the range of global relationships This volume is essential reading for undergraduate and postgraduate students of world history economic history and political economy Global Perspectives on Indigenous Film and Literature Amar Ramesh Wayal, A. P. Anupama, 2025-09-22 This edited volume comprehensively explores narrative survival in Indigenous film and literature forging a literary and transitional approach to native writing It navigates the evolution of Indigenous voices spanning the oral tradition and literary forms from colonial times to the present It covers a range of issues related to indigenous inequalities and diversities in film

and literature With chapters from global perspectives including North America Canada New Zealand and South Asia it ensures an inclusive exploration of indigenous narratives The diverse chapters address topics such as the aboriginal experience residential school legacy the invisible nation of Algonquins tribal songs decolonial futures caste survival narrative trauma and other marginalized groups such as low castes linguistic minorities and Adivasis tribals The book focuses on innovative concepts to understand the study of a particular indigenous group in isolation from others and more than the conventional comparative study of different indigenous groups It deals with the challenges of achieving local indigenous rights and identities It is a valuable resource for social science and humanities scholars particularly for indigenous scholars development professionals and administrators interested in the issues related to social diversity and indigeneity in a global setting
