Pro Football Schedules Ivan Urena, 2013-12-25 This book explains how the NFL determines each team's opponents and how the league's scheduling format has evolved throughout the years. It includes a history on the evolution of the pro football schedule, explores all of the scheduling formulas used in the National Football League, American Football League, and the All America Football Conference, and presents home and away opponent charts from 1933 through the 2017 season. *Hot Topics in Sports and Athletics* Samuel R. Bakere, 2008 Sports and athletics are at once big business, spectator sports, body conditioning, mind expanding, and it has been said form the only pages of most newspapers which are truthful and without political agendas. This book presents articles which are of current interest in the field. **Excel 2007** Matthew MacDonald, 2006 Microsoft Excel continues to grow in power, sophistication, and capability, but one thing that has changed very little since the early 90s is its user interface. The once simple toolbar has been packed with so many features over the years that few users know where to find them all. Microsoft has addressed this problem in Excel 2007 by radically redesigning the user interface with a tabbed toolbar that makes every feature easy to locate and use. Unfortunately, Microsoft's documentation is as scant as ever, so even if users can find advanced features, they probably won't know what to do with them. Excel 2007: The Missing Manual covers the entire gamut of how to build spreadsheets, add and format information, print reports, create charts and graphics, and use basic formulas and functions. Like its siblings in the Missing Manual series, this book crackles with a fine sense of humor and refreshing objectivity about its subject, guiding readers through the new Excel with clear explanations, step-by-step instructions, lots of illustrations, and friendly time-saving advice. It's a perfect primer for small businesses with no techie to turn to, as well as those who want to organize household and office information.
