Genovesi, 1996 While retaining the basic structure of the original book this new edition has been thoroughly updated in light of some official Catholic documents and other theological writings dealing with sexual morality that have appeared since 1986 The

Catechism of the Catholic Church Pope John Paul II's encyclicals *Veritatis splendor* and *Evangelium vitae* and the 1986 and 1992 statements of the Congregation for the Doctrine of the Faith on pastoral care of homosexuals and the issue of discrimination against them are among the more recent magisterial publications considered in this text. This edition also contains several new sections: the misuses of sex, adultery, pornography, prostitution, sexual violence, four rationales for viewing a committed love relationship as the only appropriate context for sexual intercourse, marriage as a sacrament and marital sexuality and love as embodiments of commitment, intimacy and passion, and public policy and the civil rights of homosexuals. This edition also includes an expanded discussion of topics such as sexism, sexually transmitted diseases, especially HIV/AIDS, and the moral questions raised by new family planning methods: Norplant, Depo, Provera, RU-486, postcoital hormonal interventions against pregnancy, the start of human life and abortion.

Vincent J. Genovesi, SJ, received his PhD in Christian ethics from Emory University. He is a professor at St. Joseph's University in Philadelphia. His articles have appeared in such journals as *The Thomist*, *The Way*, *America*, and *Review for Religious*.

Reading the Bible with the Dead John L. Thompson, 2007-05-29 An exploration of overlooked sections of the Bible

Twelve Biblical Steps to a Successful Marriage David S. Thompson, 2009-06 Marriage is one of the most satisfying and yet one of the most difficult relationships on earth. God places a great importance on this relationship and gives very clear principles on how it is to be lived out in the daily life using the Word of God. In *Twelve Biblical Steps*, these Biblical principles will be carefully analyzed and clearly explained so that every Christian couple can grasp their significance and begin to carry them out in their marriages. Some of these Biblical principles that are covered in this book are as follows: Follow the instructions, Building a spiritual network, Becoming friends, not just roommates, Avoiding the triple threats, Fight to unite, not divide. This book is not intended to cover all the challenges that married couples face. It is not an in-depth analysis of relationship issues. It is not expected to answer all of the questions that couples may have as they learn to build a new home and a new family. However, it is a book that seeks to dig into God's Word and apply His truth to the marriage relationship. The hope of this author is that the chapters that follow in this book will enable the husband and the wife to develop a marriage that is a success and so become examples for a new generation to follow.

Dr. David S. Thompson has pastored churches in Queens, New York, and in the Cayman Islands, and in upstate New York. He and his wife, Judith, have been married over 33 years and have raised five children. He currently is the Professor of Bible and Missions at Trinity Baptist College.

Women, Authority & the Bible Alvera Mickelsen, 1986-03-21 Editor Alvera Mickelsen presents a collection of essays from twenty-seven evangelical scholars which address the biblical view of women's roles in church and society.
