100 Tough Questions For God:

100 Tough Questions about God and the Bible Stephen M. Miller, 2014-04-15 Straightforward answers to questions Christians and skeptics alike ask about God and the Bible Let's be honest the Bible can be hard to understand It's full of weird laws apparent inconsistencies and tales of a God who often doesn't do what we expect You may have asked about some of these things and been brushed off or given trite unconvincing answers But serious questions deserve thoughtful responses especially when opinions of Bible experts clash Stephen M Miller pulls insight from a wide range of Bible experts to report their answers to the tough questions He does so with a touch of humor and no preaching allowing you to draw your own conclusions Questions include Would a loving God really put a good man like Job through horrible suffering just to test his loyalty If God knows everything why did he test Abraham's faith by asking him to sacrifice his own son How could there be just one God yet three Since Jesus told people to turn the other cheek why aren't more Christians pacifists **The 100**

complexities and difficult choices to make When we add in the hectic and fast-paced lives that we lead it's no wonder that most of us spend a lifetime searching for answers Unfortunately many people fail to go to the one place that contains answers to every difficulty that man could face the Bible *Answers to Tough Questions* is meant to encourage believers not only to finding the answers to life's difficulties but to maintaining consistent fellowship with the Lord who holds those answers This book was prayerfully conceived with the desire that every reader would be strengthened and encouraged in their growth in the Lord **Straight Answers to 35 Tough Questions** Gordon Kainer, 2017-07-18 Many years ago Bob

Dylan wrote The answer my friend is blowing in the wind but we've learned that really important answers don't come that

easily Asking questions is a sign of a healthy growing faith a faith that drives us deeper into God s Word That s the reason God s first question in the Old Testament is Where are you while the first question the wise men ask in the New Testament is Where is He It s been observed that God answers just enough questions to get us through the day while leaving us with enough unanswered questions so we can look forward to learning more tomorrow This book is designed to deal with some of our most difficult questions or troubling issues from a biblical perspective At times it may appear that some questions have no answer or maybe have more than one or perhaps have answers that contradict each other That s one reason we re not only to confront knotty questions but willingly accept God s unraveling answers *Right from Wrong* Mark Alan

Smith,2022-11-15 Where does morality come from Apologists people who offer a formal defense of their religion point to God as the answer By inspiring scriptures that people can read study and teach God supposedly gave humanity a guidebook for how to live Award winning scholar of religion and politics Mark Alan Smith shows the errors in this chain of assumptions Apologists find themselves forced to accept a book that condemns same sex love and authorizes slavery genocide capital punishment for minor offenses and many other practices widely recognized today as immoral Apologists try to protect their worldview by ignoring the offending passages constructing strained reinterpretations rationalizing the indefensible or appealing to God s mysterious ways Is there a non religious method for discovering the elements of an objective morality Yes Smith argues the worldview of humanism Humanists apply reason logic and evidence to all subjects Smith s humanist approach to morality relies on discussion and debate among diverse participants as the best means to attain a moral code stripped of the biases of each individual group and society The result is a hopeful portrait of how to build on the moral progress humans have achieved since the writing of religious scriptures *Defending the Faith* Bruce A. Arguments for Atheism Don t Work and Why the Ones for Christianity Do By Douglas Olsen About the Book This book summarizes the reasons atheism is logically faulty from a Christian perspective The author incorporates his own examples insights and humor According to the author we are living in an increasingly secular society and there have been best selling books by the so called New Atheists which need to be put in their place with a fresh approach to the beliefs of Christianity

This book is different from other books attacking atheism in the inclusion of a chapter on heaven and hell with an nontraditional but Biblical view of hell and a section on evolution Intelligent Design and creationism I hope the reader who is more likely to be Christian rather than atheist will be armed with arguments against atheism as well as thoughtful ideas about Christianity Maybe some agnostics or seekers will find truth in it *A Thematic Access-Oriented Bibliography of Jesus's Resurrection* Michael J. Alter, 2019-12-31 The keystone of Christianity is Jesus's physical bodily resurrection Present day scholars can be significantly challenged as they forage through voluminous documents on the resurrection of Jesus The literature measures well over seven thousand sources in English language books alone This makes finding specific sources that are most relevant for specific scholarly purposes an arduous task Even when a specific book is relevant finding the parts of the book that are most relevant to the resurrection rather than other topics often requires additional effort A Thematic Access Oriented Bibliography of Jesus's Resurrection addresses these challenges in several ways First the bibliography organizes more than seven thousand English sources into twelve main categories and then thirty four subcategories which are designed to help you find the most relevant literature quickly and efficiently Embedded are pro and con arguments which support efficient access through brief annotations and then annotate the diversity and complexity of the field of religion by including sources that represent a diverse range of views theistic e g Christian Jewish Muslim etc agnostic and nontheistic The objective of this bibliography is to provide convenient access to relevant sources from a variety of perspectives allowing you to browse or find the one source accurately and with ease
