The Institutions of the Mind Inductively Investigated James McCosh, 1860

GO WITH YOUR HEART NOT THE MIND DUANE THE GREAT WRITER, 2012-08-20 When a person goes with their Heart they are taking the risk into discovering their own Being. Of course all most all of us go through some type of schooling which makes sense for the society in which we live but if we never take the risk to discover our Heart and Being then we continue on for many more unconscious lifetimes until we are ready to WakeUp. But we definitely need RealGuidance to discover who we are and why we are here more so than what can be found in any of the Literal Institutions. Young children live with their Heart and not their head or mind as they have not been overly conditioned. Nature and all the creatures in it are the same way as they are Being with Life and not working against it or trying to destroy it. Of course none of us can destroy Life but we can create things that distort what Life has provided for us on the Earth. The Reality Life IS is all about Becoming MoreAware from the Heart. www.DuaneTheGreatWriter.Info
