Marieb and Katja Hoehn have produced the most accessible comprehensive up-to-date and visually stunning anatomy physiology textbook on the market. Marieb draws on her career as an A P professor and her experience as a part-time nursing student while Hoehn relies on her medical education and classroom experience to explain concepts and processes in a meaningful and memorable way. The most significant revision to date, the Eighth Edition makes it easier for you to learn key concepts in A P. The new edition features a whole new art program that is not only more visually dynamic and vibrant than in previous editions but is also much more pedagogically effective for today's students, including new Focus figures which guide you through the toughest concepts in A P. The text has been edited to make it easier than ever to study from and navigate with integrated objectives, new concept check questions, and a new design program.
