Earl, 2012-09-18 In a context where schools are held more and more accountable for the education they provide data based decision making has become increasingly important This book brings together scholars from several countries to examine data based decision making Data based decision making in this book refers to making decisions based on a broad range of evidence such as scores on students assessments classroom observations etc This book supports policy makers people working with schools researchers and school leaders and teachers in the use of data by bringing together the current research conducted on data use across multiple countries into a single volume Some of these studies are best practice studies where effective data use has led to improvements in student learning Others provide insight into challenges in both policy and practice environments Each of them draws on research and literature in the field **USING SCAFFOLDING**

TECHNIQUE TO IMPROVE VOCABULARY ACHIEVEMENT OF THE FIFTH GRADE PUPILS OF SD NEGERI 1 SEMBAWA BANYUASIN III ISTIQOMAH P. RATU BANGSAWAN, 2020-04-16 This is an experimental study which is aimed to see whether or not there was a significant difference in vocabulary achievement between the pupils who were taught by using scaffolding technique and those who were taught by using conventional technique For this purpose a non equivalent control group design was used The population was the fifth grade pupils at SD Negeri 1 Sembawa Banyuasin III in the academic year of 2009 2010 The total number of population was 47 pupils The sample involved in this study was all pupils in the population The pupils were grouped into two the experimental group and the control group The experimental group consisted of 24 pupils participated in the 10 week intervention of scaffolding technique while the control group consisted of 23 pupils received typical classroom instruction without intervention of scaffolding technique To collect the data test and questionnaire were used To assess pupil s vocabulary knowledge the writer proceeded the pre test at the beginning of the research and followed the posttest at the end of the research The vocabulary achievement was analyzed by examining vocabulary gains that participants made from the pre test to the post test To find out whether there was a statistically significant difference on pupils vocabulary learning achievement before and after the treatment the t analysis was used The result of the study indicated that there was a significant difference between the pupils Who were taught by using scaffolding

technique and those who were taught by using common technique It was found that the t obtained value was 4.515 at significant value of 0.05 for two tailed test and degree of freedom 45 t table value was 1.6794 Since the value of t obtained is higher than that of t table the null hypothesis was rejected and the alternative hypothesis was accepted Based on the result of the questionnaire it was found that the total score of positive response was 225 of all 24 pupils This means that 93.75% pupils who participated in 10 week intervention of scaffolding technique had positive response to all of the statements in the questionnaire In other words the pupils agreed that the use of scaffolding technique in vocabulary learning had positive effects on their vocabulary learning

FROM COMMUNICATIVE LANGUAGE TEACHING TO IMPROVE

VOCABULARY ACHIEVEMENT: A Collection of Writings ISTIQOMAH P. RATU BANGSAWAN,2020-04-16 In Indonesia where English is regarded as foreign language the teaching of this subject at most schools are still focused on the mastery of grammar and vocabulary Moreover the teaching and learning process is still using teacher centered approach Although there are four skills listening speaking reading and writing should be covered in the teaching of this subject but the fact some teachers are still reluctant teaching speaking into practice Therefore there is no improvement for both students who learn and teachers who teach and its application in the real world situation What students learn only what is printed on the books and practice it in front of the class The main problem usually comes from both teachers and students that they are non active speaking speakers But this can be solved by using Communicative Language Teaching Since the use of technology such as video television audiotapes the internet computer soft etc can come to aid of such teachers and young students Using Communicative Language Teaching CLT will Help students to use the target language in an authentic and meaningful way
