Readers Choice Digital Literacy:

The Digital Reading Condition Maria Engberg, Iben Have, Birgitte Stougaard Pedersen, 2022-12-30 This volume offers a critical overview of digital reading practices and scholarly efforts to analyze and understand reading in the mediatized landscape Building on research about digital reading born digital literature and digital audiobooks The Digital Reading Condition explores reading as part of a broader cultural shift encompassing many forms of media and genres Bringing together research from media and literary studies digital humanities scholarship on reading and learning as well as sensory studies and research on multimodal and multisensory media reception the authors address and challenge print biased conceptions of reading that are still prevalent in research whether the reading medium is print or digital They argue that the act of reading itself is changing and rather than rejecting digital media as unsuitable for sustained or focused reading practices they argue that the complex media landscape challenges us to rethink how to define reading as a mediated practice Presenting a truly interdisciplinary perspective on digital reading practices this volume will appeal to scholars and graduate students in communication media studies new media and technology literature digital humanities literacy studies composition and rhetoric

The Reading Lives of Teens Chin Ee Loh, 2024-11-04 In these changing times of global flows of media and technologies and reports of declining reading enjoyment researchers policymakers and educators need to engage anew with essential issues of what counts as reading what kinds of reading matter and how to support teen reading engagement in school and out of school settings Bringing together contributions from well known and emerging adolescent literacy researchers from different disciplinary perspectives this edited collection consolidates contemporary research on teens volitional print and digital reading whether in school or out of school contexts The first part of the book offers overviews of what teens are reading followed by chapters on community support on reading and new ways of researching teen reading With chapters from North America Europe Australia Asia and the Middle East the collection will offer multifaceted and complex insights into what how and why teens read in different contexts Reflection questions at the end of each chapter encourage readers to consider how the research can be applied in their own research policy and practice contexts This book will be of interest to researchers policymakers and educators who are invested in supporting adolescent engaged reading with evidence based policies and strategies

Digital Reading of Net Generation in China Han Zhang, Jiajie Lu, 2023-08-04 With the methodology of eye tracking experiments in depth interviews and large scale questionnaires across cities this book provides a panoramic vision of digital reading and social interaction among the new generations in China Growing up under the background of social transformation cultural integration and technological progress digital reading of the Chinese net generation presents complex characteristics People born in the 1980s and 90s are better educated have democratic consciousness and have strong motivations for self expression Meanwhile reading behaviours affect their content production virtual identities and socialization in the real world The immense need for digital

content fuels the digital reading industries Internet literature social media articles reading apps and e reader devices have also benefited from media content and interface innovation in the market This book provides a solid scientific foundation for reading promotion and guiding strategies in the context of digital media and offers empirical evidence for policy formulation of reading promotion and spiritual civilization in the digital age The authors expand the perspective of communication studies on digital reading and analyze how the youth reads on digital devices and creates content for interest or profit The book will be a great read for students and scholars of mass communication media studies and digital publishing
