Medical and Health Care Books and Serials in Print ,1986 Materialities of Age and Ageing: Concepts of a Material Gerontology Grit Höppner,Monika Urban,2019-06-18 In gerontological research the understanding of age and ageing changed in the last decade Biologic determined explanations no longer prevail in this research field Instead ideas of social constructivism are frequently used These ideas define the state of age and the process of ageing as social constructions steeping ageing in social and cultural assumptions ascriptions and expectations From a social constructivist perspective age and ageing are not just identified as dependency deficit and need for care as it was foremost accelerated from a biological perspective but with the life course and thus with individual lifestyles experiences attitudes and practices as well as institutional and economic structures A prominent social constructivist concept is doing age Similar to doing gender

the concept of doing age assumes age as taking place in the form of a social praxis within everyday life interactions between people and thus in performances embedded in discourses through which social hierarchies and ideals proceed Despite the paradigm shift that social constructivist concepts enable in gerontological thinking they reveal their blind spot when it comes to the materiality of ageing and thus to fleshy sensual experiences human and non human ontologies and agencies Addressing these materialities of ageing brings up its own critique on definitions of ageing bodies and material environments This framing does not presume that age and ageing are solely products of human to human interactions or those of formative environments or of discourses Rather humans non humans and discourses become essential parts of ageing processes Such a material framing enables us new insights into forms of age and ageing and thus offers an opportunity for scholars to engage critically with materialities of age and ageing This eBook explores theoretical methodological and empirical concepts of such a Material Gerontology
