Journey to the Underworld James Malcolm, 2014-01-14 The Abduction Prince Aiden and Princess Ariana were busy making preparations to celebrate the wonder of their first anniversary The year had flown by fulfilling their every dream Aiden had adapted well to the expectations and demands of royalty along with fatherhood Angus two months old was the pride and joy of the monarchy The marriage and parenthood brought out the softer side of the blacksmith His son looked much like him and he held his legacy as often as possible Princess Camille loved being a first time aunt spending as much time as she could with Ariana and the baby The king and Gideon reflected their approval but usually at a distance Aiden had relocated his blacksmith trade inside the perimeter of the castle walls training his two replacements while using the forge from time to time to satisfy a more creative nature His travels had shown him a wide array of artistic applications for his craft and a use that had yet to be satisfied in the kingdom Aiden designed plates bowls mugs and a variety of hand tools most of which were given away after fulfilling the needs of the royal family Surprisingly hed given his cottage to a village family whose child had told the best story at one of his weekly gatherings The prince had become a farmer as well having recently harvested his first crop of corn Hed dried kernels for the evenings anniversary festivities in the courtyard It would be his first presentation of pop corn since his return from the quest He could hardly wait to see the reaction his new treat would have on the children and the prince planned to hand kernels out to the villagers for the next years planting Times were good and spirits high in the realm where the future looked promising for all King Darian commissioned the kingdoms first ship The vessel was built of the finest wood with help from the Egyptian carpenters It was a beauty to behold equal in size to the Argo and the ship would open the island up to trade with countries in the inland sea Jib supervised the raising of the ship and became the kingdoms first captain through kings decree The ship was christened the Phoenix to honor Aidens quest and his daughters royal marriage It was the first of six vessels commissioned by the king with shipbuilding and global trade escalating the rapid growth of the small inadequate anchorage Scota sailed back to Egypt aboard the Phoenix on its maiden voyage at her fathers request and having lost any other reason to stay Everything changed for her with the emotional loss of her husband at the hands of the Nordics The princess carried the phoenix feather on the return to her homeland fulfilling Aidens commitment to Queen Nefertiti King Darian opened her old settlement up for villagers to recolonize and also began construction of a larger

seaport capable of handling the increased demands of the realm The new harbors location was near the mouth of a small river less than a mile from the castle While plans for the anniversary celebration were being finalized Aiden went to the gatehouse to pay the wizard a visit He hadn't seen Edric since just after his son was born He took dried corn kernels from the crop the wizard had helped him plant to show the magician some of his own magic Edric hadn't been as preoccupied with his magic mirror since the quest had concluded spending much of his time grooming his own garden When there was no answer at the door the prince walked to the backside of the gatehouse finding the wizard clipping roses from his prized bushes
