It uses a visual metaphor based on the groundbreaking new Pressure Cooker Model to help you understand the condition and to reduce the symptoms. Firmly rooted in neuropsychological principles, this model is practical and relatable, bridging the gap between theoretical and clinical models of FND. The Pressure Cooker Model focuses on the person with FND as well as the contribution of the person's environment, interactions, relationships, and surroundings to FND and looks to improve recovery, reduce stigma, and increase FND awareness, providing a radical shift in thinking about FND. Grounded in neuropsychology, this book helps people understand their FND triggers as well as their emotional and physical symptoms and offers many strategies for self-care and building healthy relationships. The book is accompanied by an extensive set of entirely free online resources and templates to help people with FND manage a range of genuine and disabling functional neurological symptoms from motor symptoms such as tremors, functional weakness, and gait difficulties to sensory symptoms such as tingles and numbness and cognitive symptoms such as memory and concentration difficulties or brain fog and dissociative seizures. It is valuable reading for anyone with FND, their partners, families, and friends as well as healthcare professionals in any field working with people with FND.

The Actor's Workbook Alex Clifton, 2016-05-05 The Actor's Workbook is an essential workbook for actors, actors in training, and teachers of acting and drama. The workbook and video provide a clear step-by-step guide to learning techniques in acting. The book presents a system of exercises which will develop core acting skills, offers techniques for developing an authored role, and models for devising new work. These techniques are based on the practices of Konstantin Stanislavski and his recent theatrical descendants, including Uta Hagen, Sanford Meisner, Michael Chekhov, and others. The exercises in the book are outlined in a student-centred approach, offering not only in-class exercises but also pre-class exercises, educational frameworks, teaching tips, suggested texts through which to apply the work, follow-up exercises, and suggestions for further reading in each chapter. Enabling and guiding the actor's sustainable, communicable, believable transformation into an imagined reality, this workbook is filled with powerful and precise acting tools, each underpinned by a rigorous and well-explained philosophy of practice. The Actor's Workbook includes video of the author teaching the exercises with professional actors demonstrating the techniques to be learned. *The New York Times Book Review*, 1976 **Project Soul. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and gripping novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
