The Gothic Romance Wave Lori A. Paige, 2018-09-19 The late 1960s and early 1970s saw the birth of modern feminism the sexual revolution and strong growth in the mass market publishing industry Women made up a large part of the book market and Gothic fiction became a higher popular staple Victoria Holt Mary Stewart and Phyllis Whitney emerged as prominent authors while the standardized paperback Gothic sold in the millions Pitched at middle class women of all ages Gothics paved the way for contemporary fiction categories such as urban fantasy paranormal romance and vampire erotica Though not as popular today as they once were Gothic paperbacks retain a cult following and the books themselves have become collectors items They were also the first popular novels to present strong heroines as agents of liberation and transformation This work offers the missing chapters of the Gothic story from the imaginative creations of Ann Radcliffe and the Bronte sisters to the bestseller 50 Shades of Grey

Figures of the Imagination Roger Hansford, 2017-03-16 This new study of the intersection of romance novels with vocal music records a society on the cusp of modernisation with a printing industry emerging to serve people s growing appetites for entertainment amidst their changing views of religion and the occult No mere diversion fiction was integral to musical culture and together both art forms reveal key intellectual currents that circulated in the early nineteenth century British home and were shared by many consumers Roger Hansford explores relationships between music produced in the early 1800s for domestic consumption and the fictional genre of romance offering a new view of romanticism in British print culture He surveys romance novels by Ann Radcliffe Matthew Lewis Sir Walter Scott James Hogg Edward Bulwer and Charles Kingsley in the period 1790 1850 interrogating the ways that music served to create mood and atmosphere enlivened social scenes and contributed to plot developments He explores the connections between musical scenes in romance fiction and the domestic song literature treating both types of source and their intersection as examples of material culture Hansford s intersectional reading revolves around a series of imaginative figures including the minstrel fairies mermaids ghosts and witches and Christians engaged both in virtue and vice the identities of which remained consistent as influence passed between the art forms While romance authors quoted song lyrics and included musical descriptions and characters their novels recorded and modelled the performance of songs by the middle and upper classes influencing the work of composers and the actions of performers who read romance fiction

Sadoff,2010 Ranging from cinematic images of Jane Austen s estates to Oscar Wilde s drawing rooms Dianne F Sadoff looks at popular heritage films often featuring Hollywood stars that have been adapted from nineteenth century novels Victorian Vogue argues that heritage films perform different cultural functions at key historical moments in the twentieth century According to Sadoff they are characterized by a double historical consciousness one that is as attentive to the concerns of the time of production as to those of the Victorian period If James Whale s Frankenstein and Tod Browning s Dracula exploited post Depression fear in the 1930s the horror films of the 1950s used the genre to explore homosexual panic 1970s movies elaborated the sexuality only hinted at in the thirties and films of

the 1990s indulged the pleasures of consumption Taking a broad view of the relationships among film literature and current events Sadoff contrasts films not merely with their nineteenth century source novels but with crucial historical moments in the twentieth century showing their cultural use in interpreting the present not just the past Accidental Migrations Edward H.
