Secret of the Muses Retold John T. Kirby,2000 Precious repositories of ancient wisdom Musty relics of outmoded culture Timeless paragons of artistic achievement Hegemonic tools of intellectual repression Just what are the classics anyway and why do or should we still pay so much attention to them What is the literary canon What is myth and how do we use it These are some of the questions that gave rise to John Kirby s *Secret of the Muses Retold* This new study of works by five twentieth century Italian writers investigates the abiding influence of the Greek and Roman classics and their rich legacy in our own day The result is not only a splendid introduction to contemporary Italian literature but also a lucid and stimulating meditation on the insights that writers such as Umberto Eco and Italo Calvino have tapped from the wellspring of ancient tradition Kirby s book offers an impassioned plea for the recuperation of the humanities in general and of classical studies in particular No expertise in Greek Latin Italian or literary theory is presumed and both traditional and postmodern perspectives are accommodated

Fantasy Review ,1985 [Knowledge, Society and Sustainability](#) Dr. Aditya Ghosh,2025-01-16 Building a sustainable future has increasingly captured the human imagination in the twenty first century societies around the world There has been a lot of resource investments and initiatives for pressing issues like protection of the environment conservation of natural habitats and climate change topics but little research has been devoted to the systematic creation restoration and dissemination of knowledge system for a sustainable future society A sincere dedicated and passionate effort to the organised documentation of sustainability knowledge and environment which

would support and enhance the knowledge management and sustainable goals is the need of the hour In the twenty first century human society aspires to create structure and disseminate knowledge system for a sustainable and equitable society where development of the society and ethical parameters are given utmost significance For securing a sustainable future knowledge of various spheres such as sociology politics environment economy ecology tradition needs to be documented restored and disseminated Therefore creating a knowledge base by structuring and organizing cultural economic political and technological capital needs to be prioritized This book attempts to create and contribute to the knowledge system which would ensure we are building a sustainable future
