Myths And Legends Retold: Ion, Son Of Apollo Avril Sabine, 2015-11-18 Genre Myths and Legends Retold Short Story Greek Word Count 4918 Ion was raised by the Delphic priestess after being abandoned on the temple steps He grows up believing Apollo favours him but when he learns Apollo wants him to leave behind the only life he s ever known and the woman who has raised him he wishes he could reject the path Apollo has chosen for him But the gods can be both kind and cruel and he wouldn t be the only one who suffers if he refuses Unknown to Ion the path Apollo sets him on could uncover secrets from his past Secrets that if they d been discovered when he was born would have led to his death This story was written by an Australian author using Australian spelling Keywords teen young adult myths and legends short read Delphic Oracle Greek gods adventure ancient times fortune telling and predictions **Myths And Legends Retold: Princess Ilse, The Giant's Daughter** Avril Sabine, 2017-07-18 Genre Myths And Legends Retold Short Story Norse Ilse s father is willing to do anything to keep her from the man she loves She doesn t care he s a mortal She s willing to do anything to prevent her father from keeping them apart Although things aren t going exactly the way she d hoped This story was written by an Australian author using Australian spelling Keywords teen young adult myths and legends short read Norse myth Undines and mermaids adventure ancient times star crossed lovers **Myth Reworks** Sarah Coleman, AI, 2025-05-05 Myth Reworks explores the fascinating intersection of ancient mythology and contemporary fantasy literature It examines how enduring narratives symbols and archetypes from historical religious and belief systems are reconfigured in modern storytelling The book highlights the idea that these reworkings aren t mere creative borrowing but a reflection of our ongoing need to grapple with fundamental questions about identity and morality For example ancient sacred spaces are often reimaged in fantasy settings carrying symbolic weight that resonates with audiences even today The book delves into the adaptation of mythological figures the restructuring of ancient story patterns and the reimagining of sacred spaces It dissects how figures like gods and heroes are recast for modern narrative purposes It also analyzes how traditional plot structures such as the hero s journey are deconstructed and reassembled to address contemporary themes This approach offers valuable insights into the origins of our cultural narratives and the evolving nature of storytelling showing how ancient myths continue to shape our modern understanding The book begins by exploring the historical development of mythology tracing its evolution from ancient religious practices to its role as a source of literary inspiration Subsequent sections address the adaptation of mythological figures the manipulation of story patterns and the reinvention of sacred spaces The final chapter synthesizes these findings offering a broader perspective on the cultural significance of myth reworking and its implications for the future of fantasy *Navigator Dimensions Year 3: Teaching Guide* Eileen Jones, 2005-05-09 **'My Mother was the Earth, My Father was the Sky'** Nadia Majid, 2010 This study brings together three closely related aspects of Maori literature myth memory and identity It examines selected novels by Witi Ihimaera and Patricia Grace in order to trace an ever developing

Maori identity that has changed considerably over three decades of the Maori novel This book demonstrates that an investigation of the construction of identity in literature benefits from a close look at the importance of Maori mythology as well as associated cultural and individual memories Indicating that Maori fiction has become what Homi Bhabha terms a third space this book verifies the links between novel myth and memory with the help of existing research in these areas in order to assess their importance for the reinterpretation of identity The Maori novels that depict situations reflecting current issues are viewed as an experimental playground in which authors can explore a variety of solutions to tribal societal and political issues This study establishes the early novels as reinterpretations of the past and guides to the future and characterises the more recent novels as representing a move towards empowerment and pioneering that has not yet come to a conclusion

Write with Fire Charles Allen Gramlich,2009-07-01 This guide to writing fiction is divided into three sections Part One deals with the mechanics of writing How do you get ideas and shepherd them through the writing and editing process into finished and publishable form Where do you look for markets Part Two consists of more general articles about writing and writers Part Three includes pieces that are more personal to the author s own history as a writer A bibliography of suggested reading completes the guide Page 4 of cover *Retelling Stories, Framing Culture* John Stephens,Robyn McCallum,2013-01-11 What happens to traditional stories when they are retold in another time and cultural context and for a different audience This first of its kind study discusses Bible stories classical myths heroic legends Arthurian romances Robin Hood lore folk tales oriental tales and other stories derived from European cultures One chapter is devoted to various retellings of classics from Shakespeare to *Wind in the Willows* The authors offer a general theory of what motivates the retelling of stories and how stories express the aspirations of a society An important function of stories is to introduce children to a cultural heritage and to transmit a body of shared allusions and experiences that expresses a society s central values and assumptions However the cultural heritage may be modified through a pervasive tendency of retellings to produce socially conservative outcomes because of ethnocentric androcentric and class based assumptions in the source stories that persist into retellings Therefore some stories such as classical myths are particularly resistant to feminist reinterpretations for example while other types such as folktales are more malleable In examining such possibilities the book evaluates the processes of interpretation apparent in retellings Index included *Retelling Violent Death* Edward Rynearson,2013-01-11 This book provides insight and instruction for bereaved readers and those who work with them
