Adult Faith Growing In Wisdom And Understanding:

Adult Faith Diarmuid O'Murchu, 2010 This relatively new culture of the adult faith seeker originated in the closing decades of the twentieth century as developmental psychology highlighted the changing nature of growth and maturity at different life stages Accompanied by the information explosion adult people particularly began to ask questions for which they sought adult answers The co dependency of earlier times expecting adults to simply accept what religious authorities taught is alien to adult religious maturity Adult faith has arrived at a new threshold requiring novel approaches and strategies in the religious development of adult people Diarmuid O Murchu charts this evolutionary development highlighting dimensions of conventional religion which no longer inspire or offer hope along with those that nurture and mature and sheds new light on the spiritual horizons which contemporary adults seek to embrace The result is a path breaking book that empowers adult faith seekers to confidently grow in wisdom and in grace and that enables the church to use its resources to strengthen the faith of its people at a time of great change in how people think about religion *The Meaning and Practice of Faith* Diarmuid O'Murchu, 2014-02-01 A practical guide for adults who are more interested in being and doing the truth than in doctrinal statements about the truth *Making Sense of Motherhood* Beth M. Stovell, 2016-02-02 Motherhood provides a crucial place for exploring human life and its meaning Within motherhood lies a deep tension between the pain crisis and association with death in motherhood and the joy transformation and life in motherhood Few metaphors in Scripture or in life stand so firmly between life and death love and loss and joy and deep pain After all motherhood s meaning in part comes again and again at these crucial crossroads Thus motherhood has powerful implications for our biblical and theological understanding Bringing together Jewish and ecumenical Christian scholars from North America Oceania and South America this edited volume provides biblical and theological perspectives on understanding motherhood The authors reflect upon a selection of biblical texts systematic theologians and Christian spiritual traditions to dialogue with the experience of maternity in its diverse manifestations The purpose of the book is to provide essays that through these biblical and theological lenses engage the question of motherhood today from the experience of pregnancy and birth to raising children to losing children and coping with grief In this way this volume helps to make sense of the complexity of motherhood *The Underground Church* Kathleen Kautzer, 2012-03-02 Since the 1970s liberal American Catholics have sustained a Reform Movement to counteract the conservative drift of the Vatican and to preserve and expand on the reforms of Vatican II This book draws on a range of theory to analyze and interpret this movement which is intent on creating a model of church that examples Vatican II s open receptive attitude toward the modern world In response to backlash from church officials the movement has increasingly abandoned effort to reform Roman Catholicism from within and has moved in a sectarian direction by creating independent worship communities The movement faces a precarious future due to its rapidly aging membership and the unstable nature of its newly formed communities *Guidelines for Leading Your Congregation*
