Frequently Asked Questions. Is watching the movie essential for the study? It's helpful to watch the movie prior to beginning the study. If that's not possible, each session includes the movie script references along with free downloadable videos for each weekly session. What are the video segments and where can I find them? Each video session is approximately 7-10 minutes and includes excerpts from the movie. It's available for free in both downloadable and streaming options on the publisher's website. How long is the study? Ideally, the study is completed in five weekly sessions. Does each person in the study need their own book? Yes. It's most helpful for learning purposes if each person has their own book and works through the study questions prior to each class. However, couples might find it convenient to share a book. Is there study outside of class? It's recommended that each participant answer weekly study questions prior to class, which should take no more than 30-45 minutes per week. Can anyone lead the study? Absolutely. The study is created in a discussion format allowing leaders to simply guide participants through each study question at weekly meetings. Can I get access to the answers for each discussion question? Yes. The answers for each discussion question are available for free online. In addition, we provide a Scripture Reference sheet for each Bible passage to save valuable class time. In what formats is the book available? The book is available in both print and e book formats. However, print is most helpful when writing answers to discussion questions found in the book. Amazing Facts:
