Overcoming Toxic Emotions Raymond Olusesan Aina, 2022-07-06 Overcoming Toxic Emotions is a compelling theme to enrich the restorative justice literature on the complex tasks of relational repair in a transitional society With its emphasis on the centrality of rebuilding trust and renewing the mode of being together this book is an innovative addition to the literature on justice in transitional societies It offers an original assessment of the Nigerian experience of restorative justice in peacebuilding This genuinely theological work opens new perspectives for a more adequate understanding of the Christian contribution to peacebuilding and the secular debate on restorative justice Yet the author expresses himself as an African theologian paying attention to the specific context of the problems about transitional justice and integrating spontaneously the wisdom of his dual cultures Yoruba and Christianity With its attentiveness to victim perspectives the book engages the

traditional notion of divine omnipotence and vulnerability The book rejects the notion of the fetish omnipotent God It opts instead for an image of God as vulnerable yet powerful in love compelling inspiring and rallying us **Finding Dairyland: In Search of Wisconsin's Vanishing Heritage** Scott Wittman,2022-04-25 Explore America's Dairyland and the American Spirit At the dawn of World War II Wisconsin was home to nearly 200 000 dairy farms Today barely 6 000 remain The ghosts of the missing can still be seen in withering old farms along lonely highways some restored many abandoned or decayed but all with a story to tell Immigrants dreamed of owning their own farms only to be fleeced by the promotion of cutover lands in the Northwoods Freedmen and women arrived in southwestern Wisconsin and became farmers and renowned barn builders in one of the earliest integrated communities in the nation Through hundreds of hours of site visits interviews and research historian and photographer Scott Wittman extracts the forgotten truths from legend to tell the real stories of those who created The Dairy State **Repeal the Second Amendment** Allan J. Lichtman,2020-01-28 A radical case for the repeal of the 2nd Amendment as the only way to control gun violence in America There's an average of one mass shooting per day in the United States Given the ineffectiveness of the gun control lobby it's time for a strategy with spine In Repeal the Second Amendment Allan J Lichtman has written the first book that uses history legal theory and up to the minute data to make a compelling case for the amendment's repeal in order to create a clear road to sensible gun control in the US Repeal the Second Amendment explores both the true history and current interpretation of the Second Amendment to expose the NRA's blatant historical manipulations and irresponsible fake news releases Lichtman looks at the history of firearms and gun regulations from colonial times to the present to explain how a historically forgotten sentence in the Constitution has become a flash point of recent politics that benefits only the gun industry their lobbyists and the politicians on their payroll He probes court decisions and the effective lobbying and public relations strategies of the gun lobby as well as the ineffectiveness of the gun control movement for lessons in doing better What emerges is a clear and cogent plan repeal and replace the Second Amendment without taking guns away from anyone who has them now to make the US a safer place It's time to Repeal the Second Amendment and Allan Lichtman is the man to bring this radical plan to America **Resources in Education** ,1995 Reports of Cases Decided in the Court of Appeals of the State of New York New York (State).
