Steal This Computer Book 4.0 Wallace Wang, 2006-05-06 If you thought hacking was just about mischief makers hunched over computers in the basement think again As seasoned author Wallace Wang explains hacking can also mean questioning the status quo looking for your own truths and never accepting at face value anything authorities say or do The completely revised fourth edition of this offbeat non technical book examines what hackers do how they do it and how you can protect yourself Written in the same informative irreverent and entertaining style that made the first three editions hugely successful *Steal This Computer Book 4.0* will expand your mind and raise your eyebrows New chapters discuss the hacker mentality social engineering and lock picking exploiting P2P file sharing networks and how people manipulate search engines and pop up ads to obtain and use personal information Wang also takes issue with the media for hacking the news and presenting the public with self serving stories of questionable accuracy Inside you'll discover How to manage and fight spam and spyware How Trojan horse

programs and rootkits work and how to defend against them How hackers steal software and defeat copy protection mechanisms How to tell if your machine is being attacked and what you can do to protect it Where the hackers are how they probe a target and sneak into a computer and what they do once they get inside How corporations use hacker techniques to infect your computer and invade your privacy How you can lock down your computer to protect your data and your personal information using free programs included on the book's CD If you've ever logged onto a website conducted an online transaction sent or received email used a networked computer or even watched the evening news you may have already been tricked tracked hacked and manipulated As the saying goes just because you're paranoid doesn't mean they aren't after you And as Wallace Wang reveals they probably are The companion CD contains hundreds of megabytes of 100% FREE hacking and security related programs like keyloggers spyware stoppers port blockers IP scanners Trojan horse detectors and much much more CD compatible with Windows Mac and Linux Highlights of American History James F. Wickens,1973
