Marvin Jones,2016-10-24 An eye opening unapologetic explanation of what racial profiling is in modern day America systematic targeting of communities and placing of suspicion on populations on the basis of not only ethnicity but also certain places that are linked to the social identity of that group In 21st century post civil rights era America race has become complex and intersectional It is no longer simply a matter of color black versus white contends author D Marvin Jones but equally a matter of space or geographies of fear which he defines as spaces in which different groups are particularly vulnerable to stereotyping by law enforcement blacks in the urban ghetto Mexicans at the functional equivalent of the border Arabs at the airport Dangerous Spaces Beyond the Racial Profile demonstrates how society has constructed a set of threat narratives in which certain widespread problems immigration drugs gangs and terrorism for example have been racialized and explains the historical and social origins of these racializing threat narratives The book identifies how these

narratives have led directly to relentless profiling that results in arrest deportation massive surveillance or even death for members of suspect populations Readers will come to understand how the problem of profiling is not merely a problem of institutional bias and individual decision making but also a deeply rooted cultural issue stemming from the processes of meaning making and identity construction Motherhood in Black and White Ruth Feldstein,2018-09-05 The apron clad white stay at home mother Black bus boycotters in Montgomery Alabama Ruth Feldstein explains that these two enduring yet very different images of the 1950s did not run parallel merely by ironic coincidence but were in fact intimately connected What she calls gender conservatism and racial liberalism intersected in central yet overlooked ways in mid twentieth century American liberalism Motherhood in Black and White analyzes the widespread assumption within liberalism that social problems ranging from unemployment to racial prejudice could be traced to bad mothering This relationship between liberalism and motherhood took shape in the 1930s expanded in the 1940s and 1950s and culminated in the 1960s Even as civil rights moved into the mainstream of an increasingly visible liberal agenda images of domineering black matriarchs and smothering white moms proliferated Feldstein draws on a wide array of cultural and political events that demonstrate how and why mother blaming furthered a progressive anti racist agenda From the New Deal into the Great Society bad mothers black or white were seen as undermining American citizenship and as preventing improved race relations while good mothers responsible for raising physically and psychologically fit future citizens were held up as a precondition to a strong democracy By showing how ideas about gender roles and race relations intersected in films welfare policies and civil rights activism as well as in the assumptions of classic works of social science Motherhood in Black and White speaks to questions within women s history African American history political history and cultural history Ruth Feldstein analyzes representations of black women and white women as well as the political implications of these representations She brings together race and gender culture and policy vividly illuminating each *The University of Chicago Magazine* ,2000
