

U.S. Government Study Guide

1. Foundations of U.S. Government

a. Principles of Government

- **Popular Sovereignty:** Power lies with the people; government is created and sustained by the consent of its citizens.
- **Rule of Law:** No one is above the law, and laws apply equally to all citizens.
- **Separation of Powers:** Division of government responsibilities into three branches to prevent any one branch from becoming too powerful.
- **Checks and Balances:** Each branch of government has powers that can limit the actions of the other branches.
- **Federalism:** Power is divided between the national government and state governments.

b. Historical Documents

- **Declaration of Independence (1776):** Declared independence from Britain and outlined the principle of natural rights (life, liberty, and the pursuit of happiness).
- **Articles of Confederation:** The first constitution of the U.S., which was weak and later replaced by the current Constitution.
- **U.S. Constitution (1787):** The supreme law of the U.S., outlining the structure and powers of the federal government.

c. The Bill of Rights

- **First 10 Amendments to the Constitution:** Guarantees individual freedoms and rights, such as freedom of speech, religion, and the press; the right to bear arms; and protection against unreasonable search and seizure.
