Gingrich Sarah Palin and Donald Trump to name a few have shattered political norms and transformed our politics into a free for all in which personal attacks appeals to bigotry and fear disregard for truth and disdain for governing have become the norm But they are more a symptom than the cause The Path to Paralysis examines changes in political culture during the past 60 years conflict over race religion and gender wrenching economic changes and growing concentration of wealth the end of the Cold War hardening regional divisions and dramatic changes in communications that made Donald Trump possible if not inevitable Long in the making these cross currents came together in the early 21st century as the United States experienced the deepest recession since the 1930s and elected its first Black president to create the perfect storm The result was toxic and deeply polarised politics that threatened the existence of constitutional government **America, History and Life** ,1990 Article abstracts and citations of reviews and dissertations covering the United States and Canada

Ethnicizing Europe Éva Kovács,Raul Cârstocea,Gábor Egry,2025-07-15 Ethnicizing Europe focuses on the dynamics of interethnic violence in Europe between the two world wars The new international system that was enshrined by the Versailles peace treaties after World War I did not bring stability to East Central Europe Rather it resulted in a host of conditions like self determination international oversight revolutionary political ideas and democratic processes which eventually gave new meaning to already established conflicts as well as igniting new conflicts in the region This book opens with a discussion of the theoretical scholarship on ethnicity before proceeding to specific case studies investigating the different ways in which ethnicity was enacted and contested during a period of European transformation focusing mostly on ethnically heterogeneous locales Rather than concentrating on either political violence or ethnonationalism this collection brings these two literatures together to show how ethnicization the legal concepts of citizenship and violence were intertwined in post Versailles Europe not only shaping the period between the wars but also the Europe we know today The book concludes with an afterword by Tara Zahra which expands this perspective to the wider transatlantic region
