An Unconventional Journey An Unlikely Choice:

An Unconventional Journey..... an Unlikely Choice Angela L. Walker Franklin Ph.D.,2014-11-07 This is a story of perseverance and awakening As a child Angela Walker Franklin faced clear expectations for success from very supportive and engaged parents yet self doubt and trepidation continued to raise its ugly head along the way She was steadfast and determined in her journey which took several twists and turns until she let go and let God order her steps This journey evolved into a purpose driven life that led her to a college presidency in a most unlikely place The lessons learned along the way have defined her current approach to leadership and should be inspirational to others who are trying to chart their own path

The Journey of Adulthood Helen L. Bee,1996 Using a conversational style and a blend of research theory and practical applications this text explores the ways in which adults change or develop in both shared and individual ways over the full range of adult years from 18 to 100 or more Comprehensive in scope it explores aspects of the process of development physical cognitive social personality and spiritual development and the biological psychological or social forces or laws that may govern the changes we see among adults

Bringing Geography to Book Innes M. Keighren,2010-08-31 Ellen Semple s *Influences of Geographic Environment* 1911 a treatise on what would later be called environmental determinism coincided with the emergence of geography as an independent academic discipline in North America and Britain Highly controversial and written by one of America s first female professional geographers it was considered by some a monument to Semple s scholarship and erudition whilst for others it was conceptually flawed And yet its influence on the development and direction of the new discipline of geography was profound Innes Keighren explains why *Influences* was encountered differently by different people at different times and in different places and reveals why the book aroused the passions it did The result is a pioneering work that provides a wholesale re visioning of the way in which geographical knowledge is disseminated

Literature, Metaphor and the Foreign Language Learner Jonathan D. Picken,2007-10-23 The value of work with literature has been argued for extensively in the applied linguistics literature The author builds on this by investigating the FL learner s perspective on work of this nature This empirical research sheds light both on how students deal with the challenge of making sense of literature in a foreign language and how they evaluate the experience of doing this The book highlights the role of metaphor in this experience and concludes with two pedagogy related chapters
