

Short Answer Questions

Question 1

Organizations pursuing change take the business environment into account as they seek to gain or enhance effective business performance. But is being aware and reacting to an environment **controlling** change?

- a. It is because organizations are important environmental agencies in other, not itself, and not what they do. The business world is increasingly integrated in a complex network of strategic decisions for meeting local conditions and demands and "they neither create nor control their own future."
- b. It is because not being responsive to a business situation shows an inability to respond and adapt to change. This is particularly true in global markets and international environments.
- c. The business organization is forced to react to its environment with speed, agility, and more often failure. The fact, organization and environment are not the same as a market organization.

Robbins,2009 This book is the first Southern African edition of Stephen P Robbins s Organizational Behaviour the best selling organisational behaviour textbook worldwide [An Introduction to Accounting: Accountability in Organisations and Society 2e](#) Craig Deegan,2022-10-01 Written by Craig Deegan Australia s premier sustainability and social accounting academic An Introduction to Accounting Accountability in Organisations and Society is the only resource in the market that brings corporate accountability sustainability and social responsibility together to provide a unique offering within the introductory accounting market This text takes a unique approach by embracing from the start the notion of accountability for the environment and sustainability in accounting providing students with an understanding of accounting s pervasive and transformative role as a social practice and organisational driver It shows that environments ideas and values change the interconnectivity of society that the planet must be respected as a resource and that people are affected influenced by the information they receive and the way it is presented The text emphasises that accounting and

accountability are key aspects of every person's life and that the practice of accounting while often being seen as very technical in nature has many social implications. Learning accounting through the lens of sustainability and the environment embeds this perspective in students' minds so that in their careers they will actively seek and use accounting information to make decisions that take into consideration accountability for the environment.
