Chapter 6: Inventory Planning and Valuation

- For most merchandising companies, merchandise inventory is the largest asset
- To be successful, must keep enough inventory on hand to meet the customers' needs but not too much to tie up money in inventory
- Often use computer systems to track inventory – provide an easier method of providing info to managers to allow them to make effective buying decisions

Section 1: The Nature of Merchandise Inventory

- The cost of merchandise available for sale consists of:
 - The cost of the beginning inventory
 - The cost of the net purchases added to the inventory during the fiscal period
- At the end of the fiscal period, cost of merchandise available for sale is divided into
 - The cost of the ending inventory – it is a current asset that will be charged as costs in future fiscal periods
 - The cost of the merchandise sold during the current fiscal period – the cost affects the amount of net income reported for this fiscal period
