Referencing for Genealogists Ian G. Macdonald,2018-05-28 Reliable genealogical conclusions depend on reliable data Central to any good investigation is an appreciation of where the data came from so that other investigators can re examine it and re establish

the conclusions reached Genealogy is little more than anecdote when the sources for facts are not cited and where clear references to sources are not given Referencing for Genealogists will enable others to follow in your footsteps because it gives you the means to write clear unambiguous references that provide solid support to the evidence you offer towards your conclusions It is packed with examples that the reader can learn from and that also provide a treasure trove of sources invaluable to any genealogist

Perspectives on Prayer and Spirituality Maurice Elliott, Patrick McGlinchey, 2021-02-12 Spirituality has become a buzzword in our contemporary culture as individuals strive for meaning and fulfillment Its detachment from the church and conventional definitions of religious practice highlights the seeming redundancy of what has come before Spirituality in this light signals a new attempt to find wholeness unencumbered by outmoded doctrines and stale rituals It is the conviction of this publication that the intuition behind contemporary searches for spiritual reality is a good one It acknowledges that there must be more to life than what secular media or consumerism might tell us The joyful message of Perspectives on Prayer and Spirituality is that the spiritual quest is a valid one and worth exploring There is treasure to be found However the surprise is that we must rediscover what we have left behind In the words of G K Chesterton it is not that the Christian ideal has been tried and found wanting rather it has been found difficult and left untried This book offers us the tools to mine the riches of Christian spirituality and find that elusive treasure The title Perspectives on Prayer and Spirituality alerts us to the fact that life giving spirituality stems from relationship with a personal God who can be known
