Female Rule in Chinese and English Literary Utopias Qingyun Wu,1995-06-01 Qingyun Wu's work is a unique discovery in literary studies in the West Chinese utopian literature paired with its English counterparts form an original and valuable contribution to world literature In widely varying historical and cultural texts that span the last five centuries Wu analyzes the theme of female rule including a critique of patriarchy and emphasizing a vision for women To date Chinese utopias have been insufficiently explored and unavailable to Western scholars Wu's theories of the politics of female rule as seen in Chinese and English literature since the end of the sixteenth century are predicated on three significant changes that have taken place during those periods These include an outright rejection of rule by women to rule by women in the guise of men from individual to collective female rule and from an idealized matrilineality to anarchism by the female principle Works examined include Edmund Spenser's *The Faerie Queen* Luo Maodeng's *Sanbao's Expedition to the Western Ocean* Florence Dixie's *Gloriana* Charlotte Perkins Gilman's *Herland* Ursula K LeGuin's *The Dispossessed* Chen Duansheng's *The Destiny of the Next Life* Li Ruzhen's *The Flowers in the Mirror* and Bai Hua's *The Remote Country of Women* This critical view of the development of feminist utopias in both the East and West will be of interest to scholars of women's studies political science and anthropology as well as to those in literature for both the classical and modern periods Urban express : 15 urban rules to help you navigate the new world that's being shaped by women & cities Per Schlingmann,Kjell A.

Kramp, 2024-02-26 *Patriarchy's Creative Resilience* explores the disturbing sustainability of White male supremacy. Kramp traces an imaginative failure and an imaginative success: his focus on British speculative fiction published between 1870 and 1900 demonstrates how even this elastic and wildly inventive literary form remains incapable of promoting non-patriarchal masculinity, and he attributes this inability to the creative resiliency of white male supremacy. He demonstrates the inventive use of diverse resources that we frequently view as custom or uncomplicated history and a versatility that we often dismiss as sheer power. He draws on an archive of late nineteenth-century speculative fiction to detail a versatile patriarchal toolbox including hegemonic masculinity, control of dangerous women, hyperbolic and sentimental performances of male sovereignty, and reversions to authoritarian at times violent conduct. He also considers how the classic military strategy of dividing to conquer undergirds all these tactics, inhibiting our creating energies and dynamic collaborations. Various chapters demonstrate the enterprise, ingenuity, and adaptability of patriarchy to refashion and rejustify normalized systems of oppression. While scholars have consistently identified moments and agents of resistance to patriarchal structures by highlighting creativity, resiliency, and resourcefulness, Kramp's project reveals how patriarchy itself is creative, resilient, and resourceful.
