American Education, 1974 *Reading America* Denis Donoghue, 1988-01-01 Here is a selection by the distinguished critic of his essays and commentaries on American writing and writers from Emerson and Whitman through Auden and Ashbery. Denis Donoghue examines the canon in the light of what he takes to be the central dynamic of the American enterprise: the imperatives of a powerful national past versus the subversions of an irrevocably anarchic spirit. Essential Studies in English and American Literature James Baldwin, 1886 **Rhetoric's Questions, Reading and Interpretation**

Peter Mack, 2017-08-20 This book aims to help readers interpret and reflect on their reading more effectively. It presents doctrines of ancient and renaissance rhetoric as an education in how to write well as questions or categories for interpreting one's reading. The first chapter presents the questions. Later chapters use rhetorical theory to bring out the implications of and suggest possible answers to the questions about occasion and audience, chapter 2 structure and disposition, 3 narrative, 4 argument, 5 further elements of content such as descriptions, comparisons, proverbs, and moral axioms, dialogue and examples, 6 and style, 7. Chapter eight describes ways of gathering material, formulating arguments, and writing about the texts one reads. The conclusion considers the wider implications of taking a rhetorical approach to reading. The investigation of rhetoric's questions is interspersed with analyses of texts by Chaucer, Sidney, Shakespeare, Fielding, and Rushdie using the questions. The text is intended for university students of literature, especially English literature and rhetoric, and their teachers.

Pitman's Journal of Commercial Education ,1893 Questions of Authority Nizar Zouidi,2016-04-26 This book studies the questions of authority and authorship in William Shakespeare s problematic masterpiece Hamlet It argues that the Bard seeks to eternalize himself through his play that Hamlet dramatizes the authorial quest for sempiternity As the epigraph to this book indicates authors have since the age of the pyramids and probably before it sought to live forever Shakespeare was no exception However his medium that of theatre is usually associated with the present This book approaches the strategies of authorial survival from a perspective that is theoretically and historically eclectic It is therefore informed by works that belong to different eras and that are not separated by time alone They are brought together by the theme of sempiternity The challenging task of dealing with such a theme is made even more arduous by the nature of the play itself Hamlet denies its readers the satisfaction they crave In this play Keats negative capability is a luxury that no one can afford be they critics or characters In Hamlet the answer is always with the author who comes in questionable shapes assuring everyone that he has more to tell His authority does not hinder the endless proliferation of meaning however but rather guarantees it *SHAKESPEARE STUDIES SEMESTER-I CORE-102 BLOCK-1* DDE NBU,2019-11-05 This subject
