sought to awaken it in others Though he could be intensely serious and deep as appropriate he also could express the greatest joy often in unexpected situations The humor in The Man that Refused Heaven arose spontaneously from Yogananda s deep joy Sometimes he used humor to express an important spiritual principle Sometimes he used it in training the disciples to help them learn in a way that reasoned lectures could never achieve Most of the humor in this book was taken from Yogananda s writings Also included are experiences with the master that demonstrate his playful spirit These were written by Swami Kriyananda from his years of being trained personally by Yogananda or from stories that were shared with him by other close disciples The message of this book is both playful and serious The serious message is that joy can be found within us always We should look for it there and share it with others
