

The Three Little Pigs

Narrator: Once upon a time there were three little pigs who went out into the world to seek their fortune. The first little pig set off through the fields. He met a man carrying a bundle of straw.

Pig 1: Please sir, will you give me some straw so that I can build myself a house?

Man: As much as you need, little pig.

Narrator: The man gave the straw to the little pig, and the little pig built himself a straw house. In a little while, a wolf came along and knocked on the door.

Wolf: Little pig, little pig, let me come in.

Pig 1: No, no, not by the hair of my chinny, chin, chin, I will not let you in!

Wolf: Then I'll huff, and I'll puff, and I'll blow your house down!

Narrator: And he huffed, and he puffed, and he blew the house down.

Narrator: The second little pig went up the hill to the woods. There he met a man carrying a bundle of sticks.

Pig 2: Please sir, will you give me some sticks so that I can build myself a house?

Man: As many as you need, little pig.

Narrator: The man gave the sticks to the little pig, and the little pig built himself a wooden house. In a little while, a wolf came along and knocked on the door.

Wolf: Little pig, little pig, let me come in.

Pig 2: No, no, not by the hair of my chinny, chin, chin, I will not let you in!

Wolf: Then I'll huff, and I'll puff, and I'll blow your house down!

Narrator: And he huffed, and he puffed, and he blew the house down.

Understanding the Worlds of Young Children Laurie Katz, Melissa Wilson, 2021-03-01 Children begin their literacy journeys from the moment of their birth as they begin to read the world around them They embark on their journeys as they observe and react to the gestures and voices of their family members and hear and use the language in which they are immersed to communicate with others Through their interactions with the sign systems surrounding them they become socialized into the cultural practices of their communities and construct meaning in their lives Children s entrance into formal education where they begin to read the word further connect them with literacies of other communities both nationally and globally Thus the early years become a critical time to build and support current and future learning where children develop into creative problem solvers thoughtful communicators and productive leaders and citizens of the next generation This volume extends current knowledge of children s learning by exploring the importance of children s earliest years within the context of their families and communities and connecting those years with their formal education Development is viewed through a child s perezhivanie a concept by Vygotsky 1933 1934 1994 that expresses the unity of the individual s biological and cultural development According to Vygotsky development does not isolate the individual from her his social context Children are social beings from birth who acquire and make meanings of their world through their interactions with their families friends childcare providers religious groups and other community members These interactions encompass the way children use language within children s ecosocial physical and social worlds where development occurs How these ecosocial worlds support each other or collide will impact children s literacy development This unique contribution provides the reader with opportunities to a Recognize the importance of literacy practices as cultural and social within the context of the multiple worlds of young children b promote a continuity of children s ecosocial worlds into their formal education through concepts of perezhivanie and resource based pedagogies and c envision an alternative framework for recognizing children s ecosocial worlds outside of the classroom and integrating aspects of those worlds to involve families in their child s formal education
