

38. Three Stanzas

(I)

I feel the river of notes passing through my fingers
I delight in the water movements create by the fishes
I stroll on the meadow which ceases to be silent
I sigh on the bare wind beyond the hovering air

(II)

Alas, what turmoil has it stirred upon me,
What regrets slip out from my heart's chambers?
When the patching shadow is cast on the mountains,
I look upon the clouds in heaven.

(III)

I see the sparks springing out from my memory
I hear the crystals of which not yet exist
The notes never go beyond the piano,
yet, they linger inside me.

The Complete Poetry of Percy Bysshe Shelley Percy Bysshe Shelley, 2005-01-21 Winners of an Honorable Mention from the Modern Language Association's Prize for a Distinguished Scholarly Edition Writing to his publisher in 1813 Shelley expressed the hope that two of his major works should form one volume nearly two centuries later the second volume of the Johns Hopkins edition of *The Complete Poetry* fulfills that wish for the first time This volume collects two important pieces *Queen Mab* and *The Esdaile Notebook* Privately issued in 1813 *Queen Mab* was perhaps Shelley's most intellectually ambitious work articulating his views of science politics history religion society and individual human relations Subtitled *A Philosophical Poem With Notes* it became his most influential and pirated poem during much of the nineteenth century a favorite among reformers and radicals *The Esdaile Notebook* a cycle of fifty eight early poems exhibits an astonishing range of verse forms Unpublished until 1964 this sequence is vital in understanding how the poet mastered his craft As in the acclaimed first volume these works have been critically edited by Donald H Reiman and Neil Fraistat The poems are presented as Shelley intended with textual variants included in footnotes Following the poems are extensive discussions of the circumstances of their composition and the influences they reflect their publication or circulation by other means their reception at the time of publication and in the decades since their republication both authorized and unauthorized and their place in Shelley's intellectual and aesthetic development

Understanding Verbal Art Jonathan Webster, 2014-09-22 This book applies linguistic analysis to the poetry of Emeritus Professor Edwin Thumboo a Singaporean poet and leading figure in Commonwealth literature The work explores how the poet combines grammar and metaphor to make meaning making the reader aware of the linguistic resources developed by Thumboo as the basis for his unique technique The author approaches the poems from a functional linguistic perspective investigating the multiple layers of meaning and metaphor which go into producing these highly textured grammatically intricate works of verbal art The approach is based on Systematic Functional Theory which assists with investigating how the poet uses language grammar to craft his text in a playful way that reflects a love of the language The multilingual and multicultural experiences of the poet are seen to have contributed to his uniquely creative use of language This work demonstrates how Systematic Functional Theory with its emphasis on exploring the semogenic meaning making power of language provides the handle we need to better understand poetic works as intentional acts of meaning The verbal art of Edwin Thumboo illustrates Barthes' point that bits of code formulae rhythmic models fragments of social languages etc pass into the text and are redistributed within it for there is always language before and around the text With a focus on meaning this functional analysis of poetry offers an insightful look at the linguistic basis of Edwin Thumboo's poetic technique The work will appeal to scholars with an interest in linguistic analysis and poetry from the Commonwealth and new literatures and it is also well suited to support courses on literary stylistics or text linguistics

Sweeter than Honey Loren F. Bliese, 2025-10-07 In this study of Psalm 19 Loren Bliese focuses on how symbolic numbers embellish structural high points An awareness of numerical embellishment deepens an appreciation of how sweet a text like Psalm 19 is in message and form Symbolic numbers as recognized by many scholars include three types 1 theological numbers based on the divine name YHWH the Lord with the value of twenty six 2 those based on the twenty two letters of the Hebrew alphabet and 3 the fullness number seven Both ordinal alphabetic and standard mathematical values with larger counts up to four hundred for letters are analyzed Both are clearly used for embellishment at structural high points This is shown by four tables that list the twenty two poetic lines arranged from the highest ratios to the lowest for comparison Significantly higher ratios of numerical values per line are shown to occur in literary peaks and peripheral lines more than in other lines However the line with fear of the Lord has high ratios despite not being a peak or peripheral line This gives numerical evidence of its special theological focus as proposed by several scholars who note fear is exceptional by not being one of the parallel keywords in Psalm 119 Irish University Press Series of British Parliamentary Papers ,1969
