Retranslating the Bible and the Qur'an Pieter Boulogne, Marijke H. de Lang, Joseph Verheyden, Despite the lively scholarly discourse on retranslation and its manifest value for uncovering dynamics of cultural change interpretation and reception the retranslation of religious texts has received only fragmented attention in recent years By spanning both historical and current aspects and by treating the Bible and the Qur'an together this book breaks new ground and paves the way for future research on the myriad discursive and religious aspects of retranslation This carefully curated collection of articles compellingly argues that the retranslation of canonical religious texts is a multi-faceted phenomenon With cases ranging in time from the early Reformation to the present and traversing linguistic contexts from Russia to Sweden Slovenia to Saudi Arabia the essays capture diverse dimensions of retranslation work The collection demonstrates that retranslations of such texts manifest in different forms depending on the religious political and societal circumstances the targeted audiences and the status of existing translations Their reception too may vary greatly depending on those same circumstances Authored by specialists in the different fields of retranslation of the Bible and the Qur'an each contribution illustrates this complexity and offers a fresh perspective and insight that help lay the groundwork for future research in this area of study

The Saracen's Codex Nader Akbari, 2018-02-17 Islam today is one of the biggest challenges Europe is facing not only because of the security issues caused by Islamic terrorism but also because of the nonintegration policy of Muslim immigrants and communities which in the near future will entangle European citizens in cultural conflicts within their own societies Many non-Muslim European citizens and residents are sending the clear message to the Muslim communities that in a modern twenty-first century society their Islamic and sharia way of thinking is unacceptable Generation after generation Muslims with their Muslim mentality systematically destroyed their own pre-Islamic cultures and civilizations converted their countries into cultural wastelands without any hope of progress all because they were forced or preferred to be Muslim Massive Muslim immigration and the resulting fast growing population has already started the same process in Europe and the rest of what we call the free world We are living in the same Europe where the Renaissance put an end to the Inquisition and the rule of the Church but today many do not realize that they are opening the way to a fascism called Islam that is many times more violent and inquisitorial than the practices of the medieval Christian Church

AlQuran-color-coded-Arabic english translation Marmaduke pichthall , syed Abul Aala Maududi & Muhsin Khan - Taqiud Din Alhilali, **Corpus Anarchicum** Hamid Dabashi,2012-09-24 This book is a meditation on and an attempt to understand suicidal violence in the immediate context of its most recent political surge the decade between 2001 and 2011 from the suicidal mission of Muhammad Atta and his band in the United States to the suicide of Mohamed Bouazizi in 2010 in Tunisia After the former a devastating military strike and occupation of two Muslim countries commenced and after the latter a massive transnational democratic uprising ensued Suicidal violence is neither specific to Islam nor peculiar to our time It has been manifested in practically all cultures and religions and throughout human history But the suicidal violence we witness today is of an entirely different disposition because the bodies both of the assailant and of the assailed on which it is perpetrated are no longer the human body of our Enlightenment assumption What we are witnessing is in fact the contour of a posthuman body The posthuman body as Dabashi here proposes is the body of a contingent and contextual being and as such an object of disposable knowledge while the human body that it has superseded was corporeally integral autonomous rational indispensable and above all the site of a knowing subject *Talking Book Topics* ,2013-05 **English Translation of the Qur'an** , Between these two covers you will find the answer to those questions which touch the very depths of your soul Why am I here Where am I heading How does one achieve happiness Can one really find inner peace How can the God issue be resolved Is blind faith and the curbing of logic the only road to spiritual nourishment The answers given are plain and simple All that is required to benefit is truthfulness with oneself and unbiased approach and a sincere quest for guidance With that immediately you will see why so many are naturally compelled to accept this message We invite you to contemplate the matter for yourself
