All Is Bright Thomas Kinkadee's Cape Light:

Thomas Kinkadee's Cape Light: Together for Christmas Katherine Spencer, 2015-11-03 The holiday season finds one treasured relationship about to be torn apart while another is just coming together in this Christmas novel in Thomas Kinkadee's Cape Light series. As Christmas approaches Molly Harding and her partner and best friend Betty Bowman are swept up in the annual holiday rush at Willoughby's Fine Food and Catering. With the business on shaky financial ground this year the stakes are high. Suddenly Betty must step back from the race to care for her husband who is recovering from a serious injury. Molly is secretly overwhelmed but can't bring herself to burden her friend with bad news. But Molly knows that sooner or later the truth will come out. Then what? Will her independent I can do it attitude bring ruin to the business that means so much to them? Even more important will it destroy her close and loving friendship with Betty? Meanwhile a single mother Carrie Munro and her son Noah have come to Cape Light with the dream of starting a new life. Out of work Carrie can hardly believe her luck when she gets a job working for Reverend Ben. Noah likes his new school and he's especially happy with a new friend named Theo whom Noah insists is an angel. Carrie is at first amused then concerned. She hopes Dr. Jeffrey Carlson, a child psychologist, can help her son and help her understand the cause for Noah's need for this imaginary friend. But as Christmas draws closer Carrie starts to wonder if she's the one who really needs Jeff's guidance to help her see the world again with the open trusting heart of a child and with the faith that anything is possible. Even angels. Even love.

Writing, Reading, and Research Richard Veit, Christopher Gould, 2003 Writing, Reading and Research thoroughly covers analytical reading, paraphrasing, summarizing and synthesizing skills essential for developing a research paper. Each stage of the process is illustrated with examples of student and professional writing. Unlike comparable books, Writing, Reading and Research leads off with two sample student papers in the early chapters, giving students a clear idea of the final goal as they progress through each step of the research and writing process. Includes everything one needs to know in the areas of library and internet research using both primary and secondary sources, MLA and APA styles of documentation, evaluating sources and integrating them appropriately in a paper. For anyone needing a reference geared to writing researched papers or composing documents that are derived from sources that need to be cited and documented.
