Alien Queen English Edition:

Subjects and Aliens Kate Bagnall, Peter Prince, 2023-08-29 *Subjects and Aliens* confronts the problematic history of belonging in Australia and New Zealand. In both countries race has often been more important than the law in determining who is considered one of us. Each chapter in the collection highlights the lived experiences of people who negotiated laws and policies relating to nationality and citizenship rights in twentieth century Australasia including Chinese Australians enlisting during the First World War, Dalmatian gum diggers turned farmers in New Zealand, Indians in 1920s Australia arguing for their citizenship rights, and Australian women who lost their nationality after marrying non-British subjects. The book also considers how the legal belonging and accompanying rights and protections of First Nations people have been denied despite the High Court of Australia's recent assertion in the landmark *Love Thoms* case of 2020 that Aboriginal people have never been considered aliens or foreigners since 1788. The experiences of world famous artist Albert Namatjira and of those made to apply for certificates of citizenship under Western Australian law suggest otherwise. *Subjects and Aliens* demonstrates how people who legally belonged were denied rights and protections as citizens through the actions of those who created, administered and interpreted the law across the twentieth century and how the legal ramifications of those actions can still be felt today.

Aliens - Uneingebürgerte Ian Wallace, 1994-12-31 *Catalogue of the Lansdowne Manuscripts in the British Museum...* Londres, 1819

Tacitus, Annals, 15.20-23, 33-45 Mathew Owen, Ingo Gildenhard, 2013-09-23 emperor Nero is etched into the Western imagination as one of ancient Rome's most infamous villains and Tacitus' *Annals* have played a central role in shaping the mainstream historiographical understanding of this flamboyant autocrat. This section of the text plunges us straight into the moral cesspool that Rome had apparently become in the later years of Nero's reign, chronicling the emperor's fledgling stage career including his plans for a grand tour of Greece, his participation in a city-wide orgy climaxing in his publicly consummated marriage to his toy boy Pythagoras, the great fire of AD 64 during which large parts of central Rome went up in flames, and the rising of Nero's grotesque new palace, the so-called Golden House, from the ashes of the city. This building project stoked the rumours that the emperor himself was behind the conflagration, and Tacitus goes on to present us with Nero's gruesome efforts to quell these mutterings by scapegoating and executing members of an unpopular new cult then starting to spread through the Roman empire: Christianity. All this contrasts starkly with four chapters focusing on one of Nero's most principled opponents, the Stoic senator Thrasea Paetus, an audacious figure of moral fibre who courageously refuses to bend to the forces of imperial corruption and hypocrisy. This course book offers a portion of the original Latin text, study aids with vocabulary and a commentary. Designed to stretch and stimulate readers, Owen's and Gildenhard's incisive commentary will be of particular interest to students of Latin at both A2 and undergraduate level. It extends beyond detailed linguistic analysis and historical background to encourage critical engagement with Tacitus' prose and discussion of the most recent scholarly thought.

critical posthumanist reading of being human in the Marvel Cinematic Universe MCU Centering the MCU's secondary human characters including Matthew Ellis, Ellen Nadeer, Rosalind Price as well as Jimmy Woo, Sadie Deever, Holden Radcliffe and others. Tyner considers how these characters attempt to monitor, incarcerate or exterminate those beings considered unnatural and thus threatening. Placing into conversation posthumanism, environmental ethics and myriad philosophical and biological ontologies of life and death, Tyner maintains that the superhero genre reflects the current complexities of meaningful life and of what happens in society when the human is no longer the unquestioned normative standard. **The**

Newest Sappho: P. Sapph. Obbink and P. GC inv. 105, Frs. 1-4, 2016-04-26 Retraction Notice Postscript March 2021

The Publisher notifies the readers that Chapter 2 of this volume, Dirk Obbink, Ten Poems of Sappho: Provenance, Authenticity and Text of the New Sappho Papyri, has been retracted. For more information, please view the statement by the editors in the Retraction Notice in the front matter of this volume and on page 9 of the Introduction. The reasons for this retraction include the serious doubts that have been raised in the years following the publication of this edited volume about the provenance of the newest Sappho papyri. P. Sapph. Obbink and P. GC inv. 105. In *The Newest Sappho*, Anton Bierl and Andr   Lardinois have edited 21 papers of world-renowned Sappho scholars dealing with the new papyrus fragments of Sappho that were published in 2014. This set of papyrus fragments, the greatest find of Sappho fragments since the beginning of the 20th century, provides significant new readings and additions to five previously known songs of Sappho (frs. 5, 9, 16, 17 and 18) as well as the remains of four previously unknown songs, including the new Brothers Song and the Kypris Song. The contributors discuss the content of these poems as well as the consequence they have for our understanding of Sappho's life and work. *General Catalogue*

of Printed Books, British Museum, Department of Printed Books, 1969. **The Queens and Royal Women of Sweden, c.**

970-1330, Caroline Wilhelmsson, 2024-10-11. This is the first major piece of scholarship to provide an overview of the lives of Sweden's earliest documented queens together with some of their most influential female relatives who lived between 970 and 1330. Spanning a period over 350 years, approximately 40 biographies are included, from the semi-legendary Viking queen Sigrid Storr  da to Duchess Ingeborg of Norway, the first female de jure and de facto ruler of Sweden. Rather than merely summarising previous research, this study offers new perspectives on the evolution of queenship in medieval Sweden. It tracks the different religious, political and socio-economic trends which defined and shaped the office of queen and identifies three main phases of development which led to royal women's economic and political emancipation by the mid-fourteenth century. The study's main strength lies in its close reading and novel interpretation of the surviving primary sources, enabling readers to understand the importance of these women and wider themes such as state formation, Christianisation and international politics. *The Queens and Royal Women of Sweden, c. 970-1330* is of interest to scholars of queenship and gender studies, medieval historians in general, those with an interest in ecclesiastical history and anyone studying medieval Scandinavia.
