When informing Americans across the nation of his dream, Dr. Martin Luther King Jr. proposed an unforgettable speech that would one day change The United States of America forever. In analyzing "I Have a Dream", there are a few rhetorical purposes that are reflected throughout. These purposes are repeatedly focusing in on a particular audience in which King speaks to. Using different types of appeals and literary elements, his speech produced a meaningful purpose that the audience could relate to. The issue of racism in the mid twentieth century played a huge role in Martin Luther King Jr.'s "I Have a Dream" speech. Throughout the 1960's he gradually became a civil rights activist, participating in multiple boycotts and riots against [...show more content...](#) Throughout the seventeen minutes of the speech, both blacks and whites of all generations were influenced by one man's words. This purpose of the speech is one of the most vital in analyzing it as a whole because the informative and influential aspects are what directly spoke to the audience. With the people of The United States of America categorized as the audience, King speaks to people of all races and ethnicity. This discriminated audience included the grasping appeals to the ethos, pathos, and logos. As each appeal is fully informed of the rhetorical purpose, King finds a way to encourage all three. Through several metaphors and types of imagery, he makes the decision to speak to all of the appeals in order to accomplish to need for change. Clearly aimed directly at the hearts of blacks and making the whites feel ashamed of their actions brought together a turn in society as they knew it. This specific structure geared towards the audience was the main reason why King impacted Americans across the country and not just at the march. These different appeals mixed within the audience to help King influence his purpose of racial equality as each type of person could relate to his moving words. Through the emotional engagement King had with the audience, he was most definitely able to gain a substantial amount of credibility. Consistently relating back to the phrase "one hundred years later", he directly

David B. Zilberman: Selected Essays David B. Zilberman, 2023-11-10. This book is a selection of articles by David Zilberman, a prolific author whose tragic untimely death did not allow him to finish many of his undertakings. Zilberman's work represents a fresh word in the way of philosophizing or philosophy building and the technique of modal methodology. This book comprises thirteen independent articles that are not related by content. The point of thematic convergence of these articles is the way they reflect the new way of methodological thinking through the application and benefits of modalization or modal methodology that unfolds unbound possibilities of philosophic elaborations. By shifting constantly from one position to another, Zilberman disclosed the antinomicity of all types of thought. Such an approach led him to outline for the first time his major attempt to start creating not systems but sums of philosophies so that the philosophical activity would be able to re-emerge on the slopes of such sums. The book can be used as a starting point of a discussion, especially in study.

of philosophy We imagine it can be used in undergraduate classes on World Philosophies or Intercultural Philosophy courses With that it can serve as a useful resource for adding intercultural elements into Western centered courses
