11 Great Story Ideas for Your Next Book Kurt Zimmerman, 2017-08-04 You can buy books that tell you how to write how to build a cover how to develop a character and how to punctuate But what are you going to write about What's your story Most authors guard their story ideas passionately They believe no one else has ever conceived the great book they are about to write They hold them so closely they sometimes can't even bear to write them down themselves Not me I'm a realist I know that ten different people can take any one of these ideas and make them their own All those authors need is one or two great story ideas to get them going Well here's eleven Eleven great story ideas to get you started on your next book It dawned on me that some of these stories may never be written and the thought of that made me sad People love good stories well told These stories need to be told well If you read this book and come away with even ONE usable story idea it will be well worth the purchase price Take advantage of my 60 years of life experience and combine it with your desire to write for an unbeatable combination
