13 Colonies Geography Unit:

The Structure of Political Geography Julian Minghi, 2017-09-04 This volume seeks to provide a sense of purpose and order to the study of political geography The editors devise a conceptual structure for the field bringing political geography into line with trends in contemporary geography as a whole and with other social sciences Not only do the selections contain a wide variety of contributions from other fields but the introductory essays and annotated bibliographies suggest related research The structure of the book enjoys close parallels in other social sciences The organization of the book reflects the editors definitions and structuring of political geography Part I Heritage includes works that have contributed to the theoretical development of the field Part II Structure comprises the concern to which political geographers have devoted most of their past attention Parts III and IV Process and Behavior form the subject where much future theoretical and practical effort is needed Part V Environment provides the context in which spatial structure process and behavior occur The Structure of Political Geography includes selections from sociobiology history international relations political economy political science social psychology and sociology The classics in the field are an essential inclusion since the book would be incomplete without them The selections in the volume originally published in 1971 remain useful and pertinent to political geographers of diverse persuasion and to social scientists interested in geographical approaches The fact that there is a clear focus and conceptual interdependence in political geography is the volume s greatest contribution *Grading Smarter, Not Harder* Myron Dueck, 2014-07-15 All the talk of closing the achievement gap in schools obscures a more fundamental issue do the grades we assign to students truly reflect the extent of their learning In this lively and eye opening book educator Myron Dueck reveals how many of the assessment policies that teachers adopt can actually prove detrimental to student motivation and achievement and shows how we can tailor policies to address what really matters student understanding of content In sharing lessons anecdotes and cautionary tales from his own experiences revamping assessment procedures in the classroom Dueck offers a variety of practical strategies for ensuring that grades measure what students know without punishing them for factors outside their control critically examining the fairness and effectiveness of grading homework assignments designing and distributing unit plans that make assessment criteria crystal clear to students creating a flexible and modular retesting system so that students can improve their scores on individual sections of important tests *Grading Smarter Not Harder* is brimming with reproducible forms templates and real life examples of grading solutions developed to allow students every opportunity to demonstrate their learning Written with abundant humor and heart this book is a must read for all teachers who want their grades to contribute to rather than hinder their students success *Hitler's Geographies* Paolo Giaccaria, Claudio Minca, 2016-04-21 Lebensraum the entitlement of legitimate Germans to living space Entfernung the expulsion of undesirables to create empty space for German resettlement During his thirteen years leading Germany Hitler developed and made use of a number of powerful geostrategical concepts such as these in order to justify his imperialist

expansion exploitation and genocide As his twisted manifestation of spatial theory grew in Nazi ideology it created a new and violent relationship between people and space in Germany and beyond With Hitler s Geographies editors Paolo Giaccaria and Claudio Minca examine the variety of ways in which spatial theory evolved and was translated into real world action under the Third Reich They have gathered an outstanding collection by leading scholars presenting key concepts and figures as well exploring the undeniable link between biopolitical power and spatial expansion and exclusion Teaching Units in the Social Sciences: Grades V-VI John Udell Michaelis,1966 Mapping Kurdistan Zeynep Kaya,2020-06-25 Examines how the idea of Kurdistan as a homeland and a source of national identity was created within international political history **Films for the Colonies** Tom Rice,2019-10-01 Films for the Colonies examines the British Government s use of film across its vast Empire from the 1920s until widespread independence in the 1960s Central to this work was the Colonial Film Unit which produced distributed and through its network of mobile cinemas exhibited instructional and educational films throughout the British colonies Using extensive archival research and rarely seen films Films for the Colonies provides a new historical perspective on the last decades of the British Empire It also offers a fresh exploration of British and global cinema charting the emergence and endurance of new forms of cinema culture from Ghana to Jamaica Malta to Malaysia In highlighting the integral role of film in managing and maintaining a rapidly changing Empire Tom Rice offers a compelling and far reaching account of the media propaganda and the legacies of colonialism **Educational Product Report** EPIE Institute,1968

Building Literacy in Social Studies Donna Ogle,Ron Klemp,2007-04-15 Preparing students to be active informed literate citizens is one of the primary functions of public schools But how can students become engaged citizens if they can t read let alone understand their social studies texts What can educators and social studies teachers in particular do to help students develop the knowledge skills and motivation to become engaged in civic life Building Literacy in Social Studies addresses this question by presenting both the underlying concepts and the research based techniques that teachers can use to engage students and build the skills they need to become successful readers critical thinkers and active citizens The authors provide targeted strategies including teaching models graphic organizers and step by step instructions for activities such as Building vocabulary Developing textbook literacy skills Interpreting primary and secondary sources Applying critical thinking skills to newspapers and magazines and Evaluating Internet sources Readers will also learn how to organize classrooms into models of democracy by creating learning communities that support literacy instruction distribute authority encourage cooperation and increase accountability among students Realistic scenarios depict a typical social studies teacher s experience before and after implementing the strategies in the classroom showing their potential to make a significant difference in how students respond to instruction By making literacy strategies a vital part of content area instruction teachers not only help students better understand their schoolwork but also open students eyes to the power that informed and engaged people have to change the world The Rise of the Chinese Empire: Frontier, immigration, and empire in Han
