media to make songs more widely accessible He started doing data work at the US music intelligence startup The Echo Nest which was soon acquired by Spotify He became Spotify's Data Alchemist His website Every Noise at Once everynoise.com is an unprecedented computational map of the world's music genres Reviews If you want to know anything about how music surfaces today how to find it or how to create it you will find what you need right here And you will be highly entertained and amused in the process Joseph Menn Washington Post staff writer and author of *All the Rage: The Rise and Fall of Shawn Fanning's Napster* We used to sell CDs by the weight of pallets thanks to streaming we know how our content is consumed In this immersive book Glenn has demonstrated what we can do with this knowledge so other industries facing their Napster Moment can learn from his unrivalled first mover advantage Will Page author of *Pivot* and former Chief Economist of Spotify I'd say that reading this book is the next best thing to having an in depth impassioned hours long fika with Glenn McDonald about music and culture and all of the most burning topics of our time but I'd be lying It's even better This book is a true behind the scenes examination of our culture and our industry from the perspective of someone who was in the thick of it from the beginning It's a history of the streaming era written by someone who made history in the streaming era Meg Tarquinio PhD Spotify Twitch Netzwerk Music Group Throughout McDonald's book personal anecdotes and his own love of music spill out in witty conversational prose Even chapters that delve into streaming's complex finances unsurprisingly your 15 monthly fee does not go directly to your favourite artist but is split between that month's most streamed meaning that megastars such as Swift and Ed Sheeran stay at the top of the pyramid are told in layman's terms Poppie Platt *The Daily Telegraph* Extract CHAPTER 9 MERCENARIES AND FAN ARMIES Where there's an economic system there's probably fraud This is not a proud truth to admit about humanity but it seems to me to have been consistently historically true Money is supposed to be a bookkeeping mechanism but it becomes a goal Fraud and cheating existed in the music business like any business long before streaming happened Back when charts were based on people reporting sales numbers on phone calls those people could be bribed to say different numbers Radio DJs could be paid to pretend they were playing a song more because they just liked it Accounting could be manipulated Streaming doesn't necessarily make cheating easier overall but it definitely makes it more accessible to introverts Instead of making phone calls you can write computer programs that pretend to be streaming music listeners Piracy maintains a certain dastardly allure Streaming music fraud is not to be brutally honest the most glamorous or profitable form of dastardry Streaming rewards accumulate in tiny micro transactions and the software necessary to laboriously accumulate micro royalties illegitimately isn't any easier to write than legal software for which you can get paid normal salaries It only really scales if you become a service provider selling fraud as a service and then you're a business with business problems instead of a pirate with a rakish eye patch and the sea air in your hair If you want to cheat your way to riches you're better off trying to do it in junk stocks or cryptocurrencies where there's way too much money sloshing around and the distinction between legitimate behavior and cheating is fuzzy So you might

have thought that fraud wouldn't be a big issue in streaming Buy the book and carry on reading Easy R Elizabeth Gohmert, Quan Li, Douglas Wise, 2020-01-02 Do you want to learn R This book is built on the premise that anyone with a bit of free time and a healthy curiosity can learn to use R in their studies or at work The authors focus on using R to do useful things like writing reports creating data and graphs accessing datasets collected by others preparing data and conducting simple data analysis In this book you'll learn how to install R and RStudio and set up an RStudio project and folders write an essay with graphs based on simple real world data using R Markdown create variables from everyday numeric information and visualize data through five types of charts bar plot histogram pie chart scatter plot and time series line plot to identify patterns in the data write and run R programs and prepare your data following the tidyverse approach import external datasets into R install R data packages and carry out initial data validity checks conduct exploratory data analysis through three exercises involving data on voting outcomes natural resource consumption and gross domestic product GDP via data visualization correlation coefficient and simple regression and write a research paper on the impact of GDP per capita on life expectancy using R Markdown Student friendly language and examples such as binge watched shows on Netflix and the top 5 songs on Spotify cumulative learning and practice exercises make this a must have guide for a variety of courses where data are used and reports need to be written Code and datasets used to carry out the examples in the book are available on an accompanying website **Billboard**, 2012-01-07 In its 114th year Billboard remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends

Anywhere Sarah Sprinz, 2023-11-23 An addicting read for anyone desiring a chance to escape on a journey of young love and finding out who you are in the process ANNA TODD He could be anywhere else but he's right here with me Falling in love wasn't on Emma's agenda for her year abroad at Dunbridge Academy the boarding school where her parents once met Here she wants to find out where her father disappeared to when he left their family all those years ago She has no time for distractions But when she meets fellow student Henry Emma knows she's in trouble During secret midnight parties and moonlit walks through the old school buildings feelings grow between them and Emma feels powerless to resist But Henry has a girlfriend and Emma doesn't want her heart broken Discover the new heart pounding romance series that's perfect for anyone who loves Hannah Grace Elsie Silver and LJ Shen I am absolutely obsessed with this book 5 reader review I laughed and I cried 5 reader review Incredible I couldn't put it down 5 reader review 18 content **The Spectator**, 2009 **Pivot** Will Page, 2021-04-01 A stunning new insight into how the most crucial lesson you can learn in today's challenging business environment is how to change the fundamentals of what you do rather than carry on fighting a battle that is already lost The near destruction of the music industry at the hands of online piracy and its subsequent recovery on the backs of digital streaming platforms is more than just the biggest story of disruption and reinvention of the digital age It is also a trove of

insights on how to confront the metamorphosis we are all facing in dealing with the Covid 19 era as accelerating tech and economic changes reshape our work our play and our very minds Will Page Spotify s first chief economist extrapolates music s journey into eight guiding principles for pivoting through the ubiquitous disruption in nearly all industries Expect the unexpected with transferable lessons coming from Starbucks Tupperware and even Groucho Marx The notion of Tarzan Economics ties these principles together a framework for recognising and acting on disruption by letting go of the old vine and grabbing onto the new Page joyfully brings these insights to life and provides a guide for knowing not just how to grab the new vine but when He assesses the new dynamics of the long tail identifies friends and foes in the battle for scarce attention and provides a practical tool for discovering the right role for each of us to succeed in this new modern world As we emerge from the unprecedented disruption of a global pandemic Tarzan Economics shows all of us individuals organisations and institutions that if the vine we are holding onto is withering we can have confidence to reach out for a new one in 2022 and beyond
