CHOICES: Never-Ending Dilemmas in Everyday Life

Arthur Asa Berger,2024-01-23 This book is about the never ending need we have to make choices If you think about it we have to decide what time to wake up every morning what to wear unless we need to wear a uniform what to have for breakfast if we eat breakfast lunch and dinner and if we eat in restaurants what to order and our need to make all kinds of other choices all day long Some of our choices are mundane like what to have for breakfast if we eat breakfast to have coffee or tea and if so plain or with milk cereal toast or a bagel and if so what kind plain with poppy seeds with everything or a sweet roll eggs if so fried soft boiled scrambled and so on Most of the choices we make are not important and we often develop habits to relieve us of having to think about our choices For example I have the same thing for breakfast every day a bowl of oatmeal with chia seeds and flax seeds hot milk a cup of espresso coffee with hot milk and half a bagel with butter Occasionally I have a soft boiled egg as well But other choices we have to make are life changing such as how to live single living with a partner or getting married what kind of education to get what kind of job or profession to choose where to live and what kind of house to buy if you can afford a house whom to vote for and so on After reading this book you will better understand the role that the choices we make play in society and culture and in our everyday lives

TASTE: Why You Like What You Like Arthur Asa Berger,2023-03-07 Taste is an enigmatic topic We recognize that taste plays an important role in our life in that everything we buy and many things we do are governed by our sense of taste But what exactly is taste How do we get our sense of taste and how does it affect our everyday lives Does it evolve as we grow older or is it a constant in our lives Is it affected by all the influencers to whom we are exposed as we watch TikTok and commercials or do influencers merely spark some kind of inner sense of taste that was with us all the time Is our taste based on our social and economic status or something else What role do income and cost have in determining what we choose to buy What role do the qualities of what we buy and the choices we make shape our decisions Is taste based on logical thinking about things we wish to do or buy upon emotions we have generated by things like identification status or cultural imperatives Taste always involves some element of choice because if there is no choice taste is irrelevant or moot But what are the determinants when we compare things to buy or get or do when we have choices to make This book takes its point of departure from the work of the French sociologist Pierre Bourdieu whose book *Distinction* is considered a classic work of sociological analysis The topics dealt with are shown in the table of contents below The book is distinctive in that it offers discussions of four methodologies theories used in discussing taste semiotics psychoanalytic theory sociological theory and Marxist theory and then applies these theories in the second part of the book to a variety of topics involving taste such as yogurt dogs the singer Celine Dion ocean cruises brands smartphones men s facial hair and so on Readers of the book will learn four methodologies they can use in analyzing taste and see how these methodologies were applied
