Assessment of the Performance of Engineered Waste Containment Barriers National Research Council,Division on Earth and Life Studies,Board on Earth Sciences and Resources,Committee to Assess the Performance of Engineered Barriers,2007-09-22 President Carter s 1980 declaration of a state of emergency at Love Canal New York recognized that residents health had been affected by nearby chemical waste sites The Resource Conservation and Recovery Act enacted in 1976 ushered in a new era of waste management disposal designed to protect the public from harm It required that modern waste containment systems use engineered barriers designed to isolate hazardous and toxic wastes and prevent them from seeping into the environment These containment systems are now employed at thousands of waste sites around the United States and their effectiveness must be continually monitored Assessment of the Performance of Engineered Waste Containment Barriers assesses the performance of waste containment barriers to date Existing data suggest that waste containment systems with liners and covers when constructed and maintained in accordance with current regulations are performing well thus far However they have not been in existence long enough to assess long term postclosure performance which may extend for hundreds of years The book makes recommendations on how to improve future assessments and increase confidence in predictions of barrier system performance which will be of interest to policy makers environmental interest groups industrial waste producers and industrial waste management industry

Managing Climate Risks in Coastal Communities Lawrence Susskind,Danya Rumore,Carri Hulet,Patrick Field,2015-09-15 Drawing on research from the New England Climate Adaptation Project Managing Climate Risks for Coastal Communities introduces a framework for building local capacity to respond to climate change The authors maintain that local climate adaptation efforts require collective commitments to risk management but that many communities are not ready to take on the challenge and urgently need enhanced capacity to support climate adaptation planning To this end the book offers statistical assessments of one readiness enhancement strategy using tailored role play simulations as part of a broader engagement approach It also introduces methods for forecasting local climate

change risks as well as for evaluating the social and political context in which collective action must take place With extensive illustration and example engagement materials this volume is tailored for use by researchers policy makers and practitioners *Concrete Solutions 2014* Michael Grantham,P A Muhammed Basheer,Bryan Magee,Marios Soutsos,2014-08-18 The Concrete Solutions series of International Conferences on Concrete Repair began in 2003 with a conference held in St Malo France in association with INSA Rennes Subsequent conferences have seen us partnering with the University of Padua in 2009 and with TU Dresden in 2011 This conference is being held for the first time in the UK in association with Queen s University Belfast and brings together delegates from 36 countries to discuss the latest advances and technologies in concrete repair Earlier conferences were dominated by electrochemical repair but there has been an interesting shift to more unusual methods such as bacterial repair of concrete plus an increased focus on service life design aspects and modelling with debate and discussion on the best techniques and the validity of existing methods Repair of heritage structures is also growing in importance and a number of the papers have focused on the importance of getting this right so that we may preserve our rich cultural heritage of historic structures This book is an essential reference work for those working in the concrete repair field from Engineers to Architects and from Students to Clients *How to Measure Performance and Use Tests* Lynn Lyons Morris,Carol T. Fitz-Gibbon,Elaine Lindheim,1987-12 The CSE Program Evaluation Kit is a series of nine books intended to assist people conducting program evaluations This volume the seventh in the kit provides an overview of a variety of approaches to measuring performance outcomes It presents considerations in deciding what to measure and in selecting or developing instruments best suited to an evaluation s goals Methods for ensuring validity and reliability are also discussed Chapter 1 Measuring Performance for Program Evaluation Preliminary Considerations presents an overview of various strategies to systematically measure the attainment of performance objectives Chapter 2 Locating Existing Measures describes the types of performance tests that might already be available from commercially published instruments curriculum embedded tests and state or local mandated measures Chapter 3 Determining How Well a Test Fits the Program provides assistance in determining the appropriateness of an existing instrument Chapter 4 Constructing a Test for Program Evaluation describes the basic steps in developing a performance measure Chapters 5 Validity and Reliability of Performance Instruments and 6 Using Performance Test Data deal with the technical quality and use of tests One appendix contains a table for program test comparison and the other presents a reminder of some common item construction errors Contains 20 tables 16 figures and 19 references SLD *American Book Publishing Record Cumulative, 1950-1977* R.R.
