HUMAN ANATOMY AND PHYSIOLOGY

Study of the human organism and its internal body

Anatomy

The study of the structure of the human body and its internal organs

Physiology

The study of the function of the human body and its internal organs

Structural levels

Studying the human body at the cellular, tissue, organ, and system levels

- 1. **Cellular level** - study of the structure and function of cells
- 2. **Tissue level** - study of the structure and function of tissues
- 3. **Organ level** - study of the structure and function of organs
- 4. **System level** - study of the structure and function of systems
- 5. **Whole body level** - study of the structure and function of the whole body

CELLS AND TISSUES

Cells are the basic units of structure and function of the human body

Characteristics of cells

All cells are eukaryotic and have a nucleus

Cells are specialized for their function

Cells are surrounded by a cell membrane

Cells are connected to each other

Cells are constantly changing

Cells are constantly dividing

Cells are constantly dying

Cells are constantly being replaced

Cells are constantly being repaired

Cells are constantly being maintained

Cells are constantly being regulated

Cells are constantly being controlled

Cells are constantly being monitored

Cells are constantly being adjusted

Cells are constantly being adapted

Cells are constantly being evolved

Cells are constantly being improved

Cells are constantly being enhanced

Digestive system

The digestive system is responsible for breaking down food into nutrients

The digestive system consists of the mouth, esophagus, stomach, and intestines

The digestive system is responsible for absorbing nutrients

The digestive system is responsible for eliminating waste

The digestive system is responsible for regulating the body's pH

The digestive system is responsible for maintaining the body's fluid balance

The digestive system is responsible for maintaining the body's electrolyte balance

The digestive system is responsible for maintaining the body's acid-base balance

The digestive system is responsible for maintaining the body's osmotic balance

The digestive system is responsible for maintaining the body's temperature

The digestive system is responsible for maintaining the body's blood pressure

The digestive system is responsible for maintaining the body's heart rate

The digestive system is responsible for maintaining the body's breathing rate

The digestive system is responsible for maintaining the body's metabolic rate

The digestive system is responsible for maintaining the body's growth rate

The digestive system is responsible for maintaining the body's reproductive rate

The digestive system is responsible for maintaining the body's immune system

The digestive system is responsible for maintaining the body's nervous system

The digestive system is responsible for maintaining the body's endocrine system

The digestive system is responsible for maintaining the body's circulatory system

The digestive system is responsible for maintaining the body's respiratory system

The digestive system is responsible for maintaining the body's excretory system

The digestive system is responsible for maintaining the body's integumentary system

The digestive system is responsible for maintaining the body's musculoskeletal system

The digestive system is responsible for maintaining the body's sensory system

The digestive system is responsible for maintaining the body's cognitive system

The digestive system is responsible for maintaining the body's emotional system

The digestive system is responsible for maintaining the body's social system

The digestive system is responsible for maintaining the body's cultural system

The digestive system is responsible for maintaining the body's spiritual system

The digestive system is responsible for maintaining the body's religious system

The digestive system is responsible for maintaining the body's philosophical system

The digestive system is responsible for maintaining the body's scientific system

The digestive system is responsible for maintaining the body's artistic system

The digestive system is responsible for maintaining the body's literary system

The digestive system is responsible for maintaining the body's musical system

The digestive system is responsible for maintaining the body's theatrical system

The digestive system is responsible for maintaining the body's cinematic system

The digestive system is responsible for maintaining the body's digital system
