Sustainability Prospects for Autonomous Vehicles George Martin, 2019-05-31 The Autonomous Vehicle AV has been strongly heralded as the most exciting innovation in automobility for decades Autonomous Vehicles are no longer an innovation of the future seen only in science fiction but are now being road tested for use And yet while the technical and economic success and possibilities of the AV have been widely debated there has been a notable lack of discussion around the social behavioural and environmental implications This book is the first to address these issues and to deeply consider the environmental and social sustainability outlook for the AV and how it will impact on communities Environmental and social sustainability are goals unlike those of technical development a new tool and economic development a new investment The goal of sustainability is development of societies that live well and equitably within their ecological limits Is it reasonable and desirable that only technical and economic success comprise the swelling AV parade or

should we be looking at the wider impacts on personal well being wider society and the environment The uptake for AVs looks to be lengthy disjointed and episodic in large measure because it faces a range of known unknown risks This book assesses the environmental and social sustainability potential for AVs based on their prospective energy use and their impacts on climate change urban landscapes public health mobility inequalities and individual and social well being It examines public attitudes about AV use and its risk of fostering a rebound effect that compromises potential sustainability gains The book concludes with a discussion of critical issues involved in sustainable AV diffusion Lemon-Aid New and Used Cars and Trucks 1990-2016 Phil Edmonston,2015-11-21 This book steers buyers through the the confusion and anxiety of new and used vehicle purchases unlike any other car and truck book on the market Dr Phil Canada s best known automotive expert for more than forty five years pulls no punches **Lemon-Aid: New Cars and Minivans** Louis-Philippe Edmonston,2006-12 Launched 35 years ago the 2007 edition of the New Cars and Minivans has been restyled to present more current information in a user friendly manner This guide tells you when to buy sell or hold onto a vehicle and why price rarely guarantees reliability beware of luxury lemons Hard nosed ratings true fuel consumption figures and which safety features are unsafe are all found in this year_s guide as well as Dealer markups for each model cutting the freight fee The best and worst options whose warranty is the best Which 2006s are butter buys than a 2007 Sample compliant letters that work **NADA's AutoExec** ,2007 *Black Enterprise* ,2007 The Car Book DK,2022-03-17 A lavishly illustrated history of the automobile the marques the machines and the magic From the first motor cars to today s supercars and environmentally friendly electric models this is the ultimate ebook about the history of the car Includes stunning photography and featuring more than 2 000 cars The Car Book shows you how cars have evolved around the world over the last 130 years and their impact on society as objects of curiosity symbols of status and luxury and items of necessity Extensive catalogues showcase the most important marques and models organized in categories such as sports cars convertibles and city compacts The ebook also features virtual photographic tours of some of the most iconic cars from each era such as the Rolls Royce Silver Ghost Ford Model T Lamborghini Countach and McLaren Speedtail while cross sections of key engines explore the driving force behind them Lavishly illustrated feature spreads detail the stories of the individuals machines and visionary ideas that helped create the car world s most famous marques and made brands such as Porsche Mercedes Benz Aston Martin and Cadillac household names If you love cars then you ll love The Car Book It is simply a must have title for all motoring enthusiasts **The New York Times Index** ,2006 **F & S Index United States Annual** ,2007 Profil ,2008
