Alias Episodes Guide:

Uncovering Alias Nikki Stafford, Robyn Burnett, 2004 TV Guide has called it one of TV's most enjoyable escapist hours ever. But what is the show about? Ask ten viewers of the show and you'll probably get ten different answers. *Uncovering Alias* is here to help solve the viewers' questions. Written as a companion to the show, it features biographies of all recurring cast members, a map of Rambaldi artefacts uncovered by the operatives, a list of terms used by agents on the show, an extensive episode guide to the first three series, a list of the best websites, and a trivia quiz. [The Definitive Guide to SQLite](#) Grant Allen, Mike Owens, 2011-01-28 Outside of the world of enterprise computing, there is one database that enables a huge range of software and hardware to flex relational database capabilities without the baggage and cost of traditional database management systems. That database is SQLite, an embeddable database with an amazingly small footprint yet able to handle databases of enormous size. SQLite comes equipped with an array of powerful features available through a host of programming and development environments. It is supported by languages such as C, Java, Perl, PHP, Python, Ruby, TCL, and more. *The Definitive Guide to SQLite Second Edition* is devoted to complete coverage of the latest version of this powerful database. It offers a thorough overview of SQLite's capabilities and APIs. The book also uses SQLite as the basis for helping newcomers make their first foray into database development. In only a short time, you can be writing programs as diverse as a server-side browser plug-in or the next great iPhone or Android application. Learn about SQLite extensions for C, Java, Perl, PHP, Python, Ruby, and Tcl. Get solid coverage of SQLite internals. Explore developing iOS, iPhone, and Android applications with SQLite. SQLite is the solution chosen for thousands of products around the world, from mobile phones and GPS devices to set-top boxes and web browsers. You almost certainly use SQLite every day without even realizing it. [The Take2 Guide to Lost](#) James O'Ehley, Erin Willard, 2015-09-18 Over 50 contributors ask and answer all your questions in this ultimate eBook compendium of everything related to the most iconic and talked-about series in television history. Each Chapter and Guide is made up of multiple associated articles from the likes of award-winning sci-fi authors David Brin and Peter Watts, academics including Dr. Kristine Larsen and Alan Shapiro, *Lost* community leaders such as Jon Lachonis, news producers, comedy writers, and professional and lay bloggers who spawned a revolution in television criticism. Just the Ending chapter alone has over 30 articles, opinions, and insights to further challenge your perspective. The sumptuous Episode Guide is a definitive resource of over 350 articles with at least two reviews of each episode, as well as synopses, tidbits, and a comprehensive archive of intertextual references within each episode. Other chapters include Cast and Characters, which gives an incite to the characters' role in the overall drama, as well as provide juicy tidbits about the actors' careers. Mythology, which includes posts on the Smoke Monster, DHARMA, the Frozen Donkey Wheel, and how religion was reflected on the series. Philosophy, ranging from scholarly but accessible posts on the philosophy and philosophers referenced in the show to a post on how the series affected one writer's personal philosophy. Structure, including discussions on the flashback, forward, sideways, the DHARMA

stations and a physicist's explanation of the science of time travel Interviews with the showrunners and writers throughout the lifetime of the series and much much more Motion Picture Series and Sequels Bernard A. Drew,2013-12-04 In 1989 alone for example there were some forty five major motion pictures which were sequels or part of a series The film series phenomenon crosses all genres and has been around since the silent film era This reference guide in alphabetical order lists some 906 English Language motion pictures from 1899 to 1990 when the book was initially published A brief plot description is given for each series entry followed by the individual film titles with corresponding years directors and performers Animated pictures documentaries and concert films are not included but movies released direct to video are **The Definitive Guide to SQLite** Mike Owens,2006-12-06 Traditional relational databases and embedded databases both have shortcomings that can leave a developer perplexed So for many people the solution resides in an open source embeddable database with an amazingly small footprint less than 250 kilobytes SQLite packs a powerful array of features and can handle databases as large as 2 terabytes It offers a flexible set of datatypes and the ability to perform transactions and it is supported by languages like C PHP Perl and Python And because SQLite's databases are completely file based privileges are granted at the operating system level allowing for easy and fast user management The Definitive Guide to SQLite is the first book to devote complete coverage to this powerful database It offers you a thorough overview of SQLite capabilities and APIs while remaining cognizant of newcomers who may be making their first foray into a database environment with SQLite This book serves as both a first time tutorial and future reference guide *Office and SharePoint 2010 User's Guide* Michael Antonovich,2010-08-06 Web sites collaboration document management paperless offices we want it all in business today but how do we achieve all of these goals More importantly if you work for one of the millions of small to medium sized businesses how do you find the time to build the expertise necessary to reach these goals Even the most powerful tool will not allow you to succeed unless you can get the majority of your staff to use it efficiently and effectively You need a guide that demonstrates a platform that small to medium sized businesses can use to reach these goals Office and SharePoint 2010 User's Guide demystifies the path that every Microsoft Office user can follow to benefit from the synergism of tools they are already familiar with Together with SharePoint 2010 users can achieve goals like web sites with a consistent single view improved collaboration within their organization and better document management and may even get one step closer to the paperless office we've been promised for years This book has topics for Office users of all skill levels from those just starting to use Office tools to experienced power users It examines each major Office tool and shows how it contributes to the support and use of SharePoint in today's increasingly electronic based office environment Inside Symbian SQL Ivan Litovski,Richard Maynard,2010-02-18 This is the definitive guide for Symbian C developers looking to use Symbian SQL in applications or system software Since Symbian SQL and SQLite are relatively new additions to the Symbian platform Inside Symbian SQL begins with an introduction to database theory and concepts including a Structured Query Language SQL
