Iran, Islam and Democracy Ali M.

Ansari,2019-05-15 The surprise election of Hasan Rouhani in 2013 has refocused attention on the dynamics between Islam and democracy in Iran after the hiatus of the Ahmadinejad presidency With comparisons being drawn between Rouhani and his predecessor the late Reformist President Mohammad Khatami there has never been a better time for a close look at the rise and fall of the Reform movement in Iran situating it within the context of the politics of managing change This revised and updated edition incorporates recent work on the presidential election crisis of 2009 along with the election of Rouhani in 2013 and an additional essay on the idea of reformism in Iran in historical context The study remains then most comprehensive account of the politics of reform and in situating the Rouhani presidency within that context it shines a clear light on the pressures and pitfalls Iran faces in politics and international relations The World Factbook ,2008

Imagining Iran Majid Sharifi,2013-08-22 Thematically this book problematizes Iranian official nationalism It reviews how every modern Iranian regime since the constitutional revolution of the 1905 06 has failed to legitimize its official identity resulting in the fall of five different regimes The book details how the collapse of each regime resulted in the interruption of the official meaning of being Iranian as well as the meanings of its enemies What remained the same was how every Iranian regime represented itself as the agent of a particular national desire defined in terms of making Iran to become sovereign developed democratic and constitutional Nonetheless no regime was able to convince a great majority of the people that it achieved what it represented This book makes three specific contributions The first contribution is pedagogical By focusing on the dynamics of regime changes it provides a heuristic model for identifying challenges that all Iranian regimes have faced Moreover the book is a comprehensive review of the disruptive oppressive and bloody nature of the rise and fall of different regimes The second contribution is theoretical Rather than examining the behavior of various Iranian regimes in isolation from their international context the book examines how each regime got to understand itself in relations to its imperial others By examining the governmental rationality of each regime the book offers a better theoretical framework for understanding political development not only in Iran but also in all other Middle Eastern and South Asian states Finally the third contribution of this book is its critical approach to the main body of the literature on Iran modernity development democracy and constitutionalism **International Law Reports** Elihu Lauterpacht,C. J. Greenwood,A. G.

Oppenheimer,2002-07-18 The International Law Reports is the only publication in the world wholly devoted to the regular and systematic reporting in English of decisions of international courts and arbitrators as well as judgments of national courts Among the cases reported in volume 121 are two Malaysian High Court decisions and one ICJ decision which all relate to the Cumaraswamy immunity case Volume 121 also includes three important investment protection decisions two of these under ICSID and the full reporting of the S D Myers Inc v Canada Partial Award 13 November 2000 of NAFTA Arbitration Tribunal under the UNCITRAL Rules A selection of both European and international human rights cases also feature

including the important ICTY torture case relating to Anton Furundzija The remainder of the volume is taken up with national cases mainly from the United States of America *The Rise of Nuclear Iran* Dore Gold, 2009-08-24 In the West liberal politicians and pundits are calling for renewed diplomatic engagement with Iran convinced that Tehran will respond to reason and halt its nuclear weapons program Yet countries have repeatedly tried diplomatic tactics all of which have utterly failed In *The Rise of Nuclear Iran* Gold examines these past failures and shows how Iran employed strategic deception and delay tactics to hide its intentions from the West Iran Almanac and Book of Facts ,1969
