Saramago's Philosophical Heritage Carlo Salzani, Kristof K. P. Vanhoutte, 2018-07-16 The past decades have seen a growing philosophical interest in a number of authors but strangely enough Saramago's oeuvre has been left somewhat aside This volume aims at filling this gap by providing a diverse range of philosophical perspectives and expositions on Saramago's work The chapters explore some possible issues arising from his works from his use of Plato's allegory of the cave to his readings of Biblical stories from his critique and reinvention of philosophy of history to his allegorical exploration of alternative histories from his humorous approach to our being towards death to the revolutionary political charge of his fiction The essays here confront Saramago's fiction with concepts theories and suggestions belonging to various philosophical traditions and philosophers including Plato Pascal Kierkegaard Freud Benjamin Heidegger Lacan Foucault Patoka Derrida Agamben and others

Intellectuals and African Development Bjorn Beckman, Gbemisola Adeoti, 2008-02-29 This book looks at the very different responses to the African predicament from prominent writers like Soyinka Ngugi and Achebe to the military men in power and the students who defy repression It suggests that intervention by international agencies who claim to promote democracy and empower the youth may reinforce authoritarian attitudes and structures The essays in the book give voice to the outrage ridicule and revolutionary ardour as well as to the reformist caution of those directly affected The shallow pretences of those in power and the hypocrisy and arrogance of the foreign helpers are also

exposed The book concludes that being an insider or an outsider is less important than being committed to listening to ordinary people **City of Industry** Victor Valle,2009-09-09 Founded in 1957 the Southern California suburb prophetically named City of Industry today represents in the words of Victor Valle The gritty crossroads of the global trade revolution that is transforming Southern California factories into warehouses and adjacent working class communities into economic and environmental sacrifice zones choking on cheap goods and carcinogenic diesel exhaust City of Industry is a stunning expos on the construction of corporate capitalist spaces Valle investigated an untapped archive of Industry s built landscape media coverage and public records including sealed FBI reports to uncover a cascading series of scandals A kaleidoscopic view of the corruption that resulted when local land owners media barons and railroads converged to build the city this suspenseful narrative explores how new governmental technologies and engineering feats propelled the rationality of privatization using their property owning servants as tools Valle s tale of corporate greed begins with the city s founder James M Stafford and ends with present day corporate heir Edward Roski Jr the nation s biggest industrial developer co owner of the L A Staples Arena and possible future owner of California s next NFL franchise Not to be forgotten in Valle s captivating story are Latino working class communities living within Los Angeles s distribution corridors who suffer wealth disparities and exposure to air pollution as a result of diesel burning trucks trains and container ships that bring global trade to their very doorsteps They are among the many victims of City of Industry *Brain on Fire* Susannah Cahalan,2012-11-13 The story of twenty four year old Susannah Cahalan and the life saving discovery of the autoimmune disorder that nearly killed her and that could perhaps be the root of demonic possessions throughout history **Genre** ,2005 **The American Archivist** ,2001 Includes sections Reviews of books and Abstracts of archive publications Western and Eastern Europe
