Here We May Rest Silvia Giagnoni,2017-04-02 Hailed as the most restrictive immigration bill in the nation the Beason Hammon Alabama Taxpayer Citizen Protection Act known as HB 56 went into effect in September 2011 Its intent was to create jobs for Alabamians by making the lives of undocumented immigrants in the state impossible so that they would self deport It failed Here We May Rest offers a comprehensive explanation of how and why HB 56 came about and reports on its effects on immigrant communities Author Silvia Giagnoni argues that the legislation was anti immigrant not merely anti illegal immigration as its proponents claimed Building a case against the legalistic framework through which the bill was promoted Giagnoni dissects the role the media and Fox News specifically played in criminalizing immigrants as well as mainstreaming immigrant haters which created the xenophobic climate that paved the way for the Trump Presidency The new immigrants of Alabama take center stage in the second part of the book reclaiming their role in the cultural social and economic development of the state Giagnoni concludes with an appeal against any form of social segregation because only direct contact massive prolonged equal and intimate as Howard Zinn argued will cure the stereotyping and prejudice that feed ignorance and foster fear

Reconciliation in Global Context Björn Krondorfer,2018-10-29 When we open the newspaper watch and listen to the news or follow social media we are inundated with reports on old and fresh conflict zones around the world Less

apparent perhaps are the many attempts at bringing former adversaries together Reconciliation in Global Context argues for the merit of reconciliation and for the need of global conversations around this topic The contributing scholars and scholar practitioners who hail from the United States South Africa Ireland Israel Zimbabwe Germany Palestine Belgium Bosnia and Herzegovina Serbia Switzerland and the Netherlands describe and analyze examples of reconciliatory practices in different national and political environments Drawing on direct experiences with reconciliation efforts from facilitating psychosocial intergroup workshops to critically evaluating official policies they also reflect on the personal motivations that guide them in this field of engagement Arranged along an arc that spans from cases describing and interpreting actual processes with groups in conflict to cases in which the conceptual merits and constraints of reconciliation are brought to the fore the chapters ask hard questions but also argue for a relational approach to reconciliatory practices For in the end what is important is to embrace a spirit of reconciliation that avoids self interested action and instead advances other directed care This book is freely available in an open access edition thanks to Knowledge Unlatched an initiative that provides libraries and institutions with a centralized platform to support OA collections and from leading publishing houses and OA initiatives Learn more at the Knowledge Unlatched website at <https://www.knowledgeunlatched.org> and access the book online at the SUNY Open Access Repository at <http://hdl.handle.net/20.500.12648/7139>
